

# BEST NEW FOOD & BEVERAGE CONCEPT, QUICK SERVICE

Café con Leche Ybor City, Tampa International Airport

Café con Leche offers travelers a variety of coffees brewed in Tampa's Ybor City—a distinct, concentrated molasses-sweet espresso that is the octane fueling the South Florida/Tampa Bay area.

The sweet, caramel-coated foam at the top of the cup, a creamy head that Cubans call espumita, is the magical result of the first drops of brew pounded with demerara sugar into a syrup.

“ Love it! I didn't try the the food, but I can say the coffee is absolutely wonderful. Smooth and complex, without even a hint of acidity. Will be back. ”

“ We had to kill time at the Terminal and in lieu of searching for Starbucks I decided to give this coffee a try. It WAS THE BEST latte I've had. ”

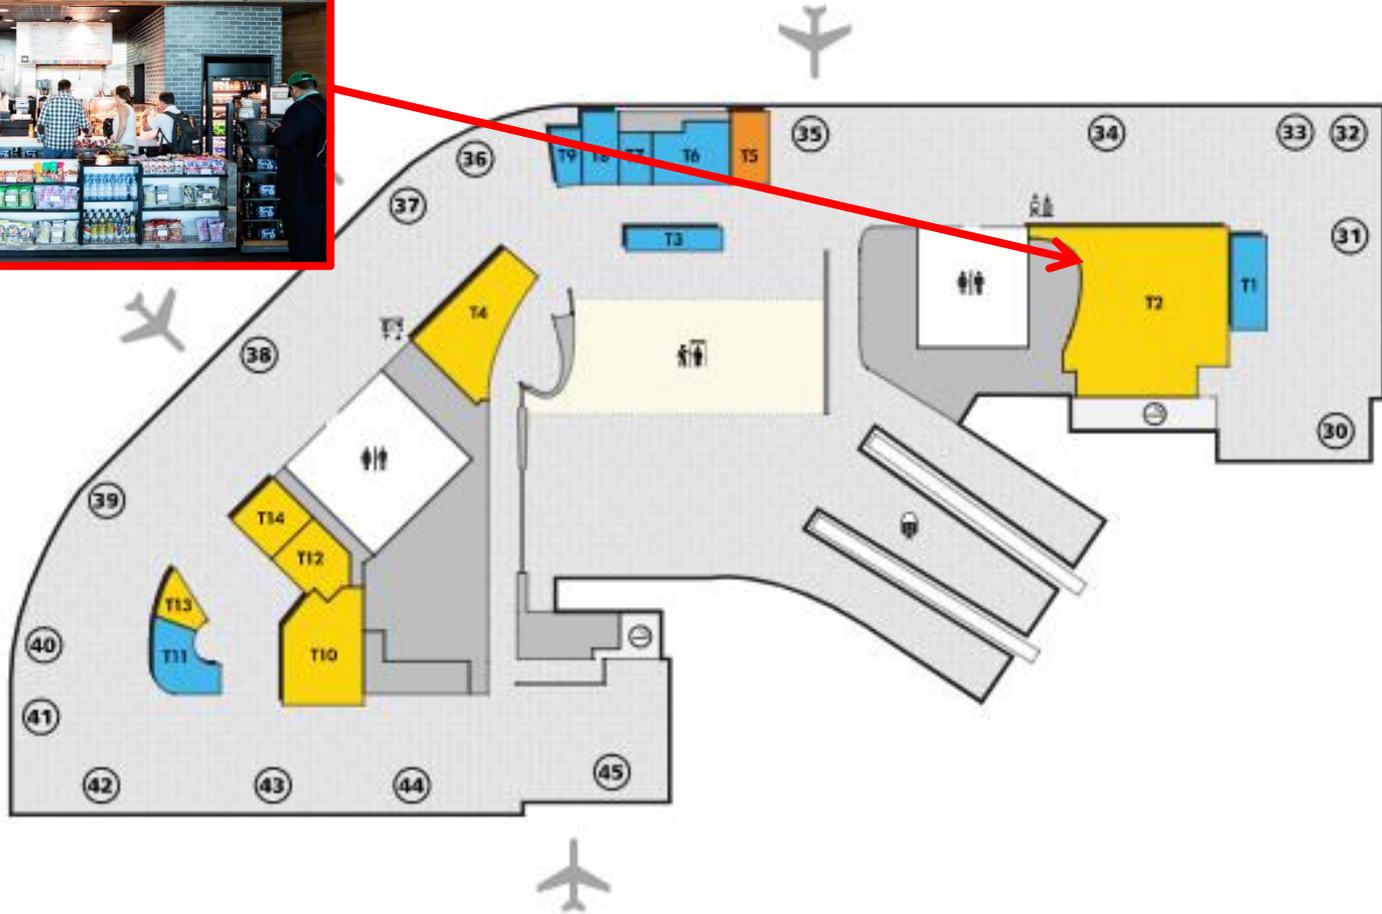

I had the Ybor City special, espresso with sweetened condensed milk, and it was so good!! First sip to last sip it was consistent, no super sweet syrup at the bottom part of the cup. I only wish they had a store in San Antonio!!! ”

“ Delighted to find Cafe Con Leche available!!!! ”

Quality food and a true taste of Tampa! Such a welcome when returning home! ”
