

Starr Insurance Companies

We Are Starr Insurance Companies

In 1919, a bold young entrepreneur named Cornelius Vander Starr went to Shanghai, China and built a thriving insurance agency that blended international expertise with local knowledge to form what would become known as the Starr Insurance Companies. Now, nearly a century later, we are one of the largest and fastest-growing insurance companies in the world.

Today, we serve the property & casualty needs for virtually any kind of business, from small- and middle-market to the Fortune 1000. We cover a broad array of commercial risks, including general liability, aviation/aerospace, marine, complex property, energy, cyber, political risk, environmental, construction and much, much more.

With our flat organizational structure, our profit centers easily collaborate to create a seamless insurance program that covers your risks without allowing for any gaps in coverage. We offer a level of support that is unmatched, from account service representatives that offer 24/7 contact, to rapid response claims teams, to valuable safety and loss control services provided to our clients, free of charge.

Our deep relationships within the insurance brokerage community ensures that our clients can get the coverage they need. Our expanding global network across five continents enables us to provide coverage wherever you do business. And our evolution into

a world-class carrier that writes virtually all of its coverage on our own paper means we have the financial strength you can depend on.

But our people are our greatest strength. We hand-pick the industry's brightest minds, and recruit from the world's best universities to innovate the solutions you need for years to come.

With Starr, you are getting more than insurance. You are getting our unique blend of experience, culture, relationships, talent and dedication that has made us a true industry leader.

At Starr Insurance Companies, insurance is not just something we do.

It is who we are.

Aviation & Aerospace

Whether it's jetting across continents or reaching past the stratosphere, Starr has the team of experts understand the constantly changing risk environment and develop unique solutions to enable the success of companies, organizations and their people.

Starr Insurance Companies is a worldwide leader of aviation insurance solutions. We tailor insurance solutions to meet the needs of the aviation and aerospace industry.
