WAITSC Strategic Objectives

WAITSC

1. World Airports IT Standing Committee (WAITSC) coordinates ACI-World's IT initiatives.
2. WAITSC has 32 members; airports in Asia, NA, EU,..
3. Interfaces to ICAO, IATA, Governments & Regulators, other stakeholders.
4. WAITSC sponsors four working groups, comprised of airports and business partners:
 - a) ACRIS (Airport Community Recommended Information Services).
 - b) Cyber-security – supports the airport community protect itself.
 - c) Digital Transformation – leads thinking of airport digital strategies.
 - d) Smart Data Hub – standard architecture for airport data hubs.
5. WAITSC meets ever ~9 months.

Some news:

- **ACRIS:**

- Advancing the industry standard in data exchange: Airport Semantic Model.
 - Added a geo-spatial information specification.
 - Added a Checkpoint Wait Time specification.
 - Working on a Concession information specification.
- Piloting the exchange of information in the community.
 - Five U.S. airports piloted Checkpoint Wait Time API.
 - ACI-NA sponsored Data Sharing Portal for airports.
- Working with IATA and other bodies on information sharing standards.
- Commissioning an Airport Reference Information Portal.
- Commissioning Semantic Model development, training & maintenance.

The ACRIS logo consists of the word 'ACRIS' in a large, bold, blue, sans-serif font. A white swoosh curves over the top of the letters, similar to the ACI logo.

ONE COMMON LANGUAGE FOR DATA EXCHANGE
