A vision for the future of air  
travel technologies

**NEXTT**

# NEXTT Concepts – A vision for the future

A nighttime photograph of a city skyline, likely New York City, with numerous skyscrapers illuminated against a dark blue sky. The image is used as a background for the first concept.

**Moving more  
off-airport**

A photograph of a baggage handling system in an airport. A black suitcase is on a conveyor belt, and a robotic arm is visible above it. The image is used as a background for the second concept.

**Using advanced  
processing technology**

A diagram showing a network of interconnected nodes and lines, representing a complex system or data flow. The image is used as a background for the third concept.

**Harnessing  
interactive  
decision-making**
