@tulsaairports Fat Guys was PACKED, waited 10 min for a table. Food took 4 min to get after ordering. Very impressed. They are doing it right! #flytulsa #fatguys

What construction company did you use for the renovation? Kudos to them! It looks great. Excited to have Chili's as an option.

fiveholer Afternoon work vibes, been forever since I've been in the bag room, 4 flights left and coffee. Good way to close out my Friday. 🍷🍷🍷 #ramplife

tulsakdp The topeca was a welcomed addition to TUL. Made my early Monday flight tolerable.

fiveholer @ozark_runner I was thrilled when they moved in. I'm there everyday when I work. I just wish they had more passionate people working there instead of the "shuffle around to what ever needs staffed" staff. Love their coffee and brew it at home.
