2023 ACI-NA/ACC/AGC AIRPORT CONSTRUCTION STRATEGY SUMMIT

May 16 - 17, 2023
 San Francisco, CA
 Hyatt Regency

Monday, May 15, 2023 (Pre-Conference Working Group/Committee Meetings)

- 2:00pm-3:15pm **ACI-NA Construction & Project Delivery Working Group**
Harbour Room (ACI-NA Members and Associate Members Only)
- 3:45pm-5:00pm **ACC Finance & Project Delivery Committee**
Harbour Room (ACC Members Only)

Tuesday, May 16, 2023

- 7:30am-4:00pm **Registration**
Regency Foyer
- 7:30am-8:30am **Networking Breakfast**
Regency Foyer
- 8:30am –8:45am **Welcome to the Bay Area!**
 Construction and project delivery leaders from Northern California airports will be on hand to welcome you to the Summit.
Panelists: Judi Mosqueda, San Francisco International Airport
 T.J. Chen, Sacramento County Department of Airports
 Judy Ross, San José Mineta International Airport
 Joan Zatopek, Oakland International Airport

Tuesday, May 16, 2023

8:45-am-9:00 am
Regency Ballroom

Overview of Project Delivery Methods

To set the stage for the Summit, we will quickly review the key project delivery methods U.S. airport owners are using and reintroduce attendees to the third edition of ACI-NA's, ACC's, and AGC's *Airport Owners Guide to Project Delivery Systems*.

Panelists: Roger Johnson, Jacobs
Matthew Meier, Burns Engineering

9:00am-10:15am
Regency Ballroom

A Return to Normal? The Airport Capital Project Delivery Landscape in 2023

Operationally, 2023 has marked a return to normalcy at most U.S. and many international airports. Travelers are back and so are demands on airport facilities—from runways to terminals to roadways. Demands for airport capital project development—whether new construction, facility expansion, or facility rehabilitation and modernization—are also back, but does it represent a return to normal or a set of new realities for designers, contractors, and project owners?

Moderator: Chris Oswald, ACI-NA

Panelists: T.J. Chen, Sacramento County Department of Airports
Habib Husain, San Diego International Airport
Matt McGleam, Chicago Department of Aviation
Mark Ricketson, Massport

10:15am-10:45am
Regency Foyer

AM Networking Break

10:45am-12:00pm
Regency Ballroom

Going Virtual: A Technological Transformation of Design and Construction

Virtual design and construction techniques and capabilities are changing the way that capital projects are developed and delivered. Although many of these capabilities were entering the marketplace prior to the pandemic, remote working arrangements have certainly accelerated their adoption by designers and contractors. In this session, we'll explore effective applications of virtual design, digital twins, building information management (BIM), and other enabling technologies in the airport environment.

Moderator: Joan Zatopek, Oakland International Airport

Panelists: Bill Grozdanich, Dallas Fort Worth International Airport
Anvesh Motadoo, LINXS CJV/Balfour Beatty
Nick Osinski, Union Concrete Construction
Jody Vivion, Flintco

12:00pm-1:15pm

Tuesday, May 16, 2023

1:15pm-2:15pm
Regency Ballroom**Finding the Common Ground: Alternative Project Delivery with FAA Funding**

In the U.S., airport operators have been fortunate to have federal grant programs—principally the Airport Improvement Program (AIP)—to provide funding for critical airport infrastructure. However, these federal programs do come with strings attached that have challenged airports seeking to use delivery methods other than design, bid, build.

Moderator: Matt Wenham, C&S Companies**Panelists:** Steven Engebrecht, Federal Aviation Administration
Patrick Lammerding, Hollywood Burbank Airport
Sid Scott, HKA2:15pm-2:45pm
Regency Foyer**PM Networking Break**2:45pm-4:00pm
Regency Ballroom**Effectively Integrating Technology into Capital Projects**

Airport projects—especially terminal projects—have to integrate an array of technology systems with physical infrastructure, from baggage handling systems to passenger conveyance to security screening and check-in. Using examples from recent projects, we'll examine how airports, designers, and contractors have effectively and flexibly integrated complex technology systems into their airport projects.

Moderator: Peter Aarons, Burns & McDonnell**Panelists:** Stu Garrett, Burns & McDonnell
Neil Hahn, Hahn Integrated Systems
Matthew Meier, Burns Engineering
Pete Pelletier, Greater Orlando Airport Authority4:00pm-5:15pm
Regency Ballroom**Building to Operate—Latest Developments in ORAT Programs**

Airports around the world have seen value in operational readiness, activation, and transition (ORAT) programs to ensure new and redeveloped facilities ready for beneficial use on opening day. Ortez Gude will guide this discussion of recent and ongoing ORAT efforts and provide you with an overview of how to integrate ORAT into your next capital project.

Moderator: Ortez Gude, Citri Group**Panelists:** Charles Goedken, Seattle-Tacoma International Airport
Herbert Keffel, Munich Airport NJ LLC
Melvin Price, Jacobs
Brendan Reed, San Diego International Airport
Jaimi Tapp, Hartsfield-Atlanta Jackson International Airport5:15pm –6:30pm

Building an Effective Project Delivery Workforce for this Decade and Beyond

Even before the pandemic, airport owners and their design and construction teams were facing an array of challenges bringing the right resources to bear at the right time to increasingly challenging airport development projects. In this session, we'll address how airports and their industry partners are building a workforce capable of delivering tomorrow's projects.

Moderator: Kaven Swan, HOK

Panelists: Bri Flynn, Swinerton
Marvin Johnson, Construction Management Partners
Amber Meshak, Los Angeles World Airports
Mark Skjervem, Paslay Group

San Francisco International Airport Project Tour

San Francisco International Airport has graciously offered to provide a tour of recently completed terminal, landside, and commercial development projects on its campus, several of which benefited from the use of innovative delivery methods and contracting strategies. There are 30 seats available on the tour, which will be available on a first-come, first-served basis. A link to sign-up for the tour has been provided to registered attendees and confirmed attendees will have received an email with regarding their seat reservation.

Attendees will need to provide photo identification and citizenship status to attend should meet in the Hyatt Regency Lobby at 1:00 pm to board the bus.
