### A BRAND NEW CONFERENCE EXPERIENCE FOR 2023

ACI-NA is excited to implement several conference and exhibition enhancements to increase value and improve the overall attendee experience in 2023. New changes for 2023 include:

- A more comprehensive and balanced conference schedule.
- Expanded educational sessions with brand new tracks.
- Enhanced networking opportunities, including a host welcome celebration.
- More thought leadership on the future of the airport industry.
- Improved exhibition hall hours to better showcase industry solutions.

What's more, your conference registration allows you to attend any session open to registered conference attendees while with us in Long Beach! [Check out the latest conference agenda](#) to learn about our full range of educational sessions, workshops, committee meetings, exhibition hours, and networking events.

This track agenda compiles all the educational sessions and workshops related to [airport technology](#) into one place!

## BUSINESS INFORMATION TECHNOLOGY TRACK

---

### **Eve Machol**

*Director, Airport/Transportation Industry Innovation  
Microsoft*

2:45 PM – 3:15 PM

### **Networking Break**

3:15 PM – 4:00 PM

### **Embracing the Skies: Understanding AI Integration at Airports**

Amidst a fast-paced world, aviation leads in technological advancements, with AI integration at airports driving transformative progress. This panel explores policy, governance, and vision for adopting AI in airports, including Generative AI and the debate on General Artificial Intelligence (GAI) versus object detection. It also examines responsible AI integration pathways.

#### **Moderator**

#### **Rick Belliotti**

*Deputy Chief Officer, Information Technology  
Austin-Bergstrom International Airport (AUS)*

#### **Panelists**

#### **Matt Breed**

*Chief Information Officer  
Seattle-Tacoma International Airport (SEA)*

#### **Charles Miwa**

*Chief Information Officer  
Ontario International Airport Authority (ONT)*

4:00 PM – 5:00 PM

### **Unlocking Airport Terminal Capacity: Challenges and Opportunities**

Airport terminals often face capacity constraints, impacting efficiency and passenger experience. Learn about understanding the current challenges faced by airport terminals in managing capacity constraints and exploring the various opportunities to unlock the potential of airport terminal capacity. This could be achieved by investigating the latest technological advancements and their role in optimizing terminal capacity and identifying actionable steps and strategies for airports.

#### **Moderator**

#### **Darryl Daniel**

*Chief Technology Officer  
Houston Airport System (HAS)*

#### **Panelists**
