

## OPERATIONS, PLANNING, SAFETY, INFRASTRUCTURE & DEVELOPMENT COMMITTEE (OPSID) TRACK

---

### A BRAND NEW CONFERENCE EXPERIENCE FOR 2023

ACI-NA is excited to implement several conference and exhibition enhancements to increase value and improve the overall attendee experience in 2023. Changes for 2023 include:

- A more comprehensive and balanced conference schedule.
- Expanded educational sessions with brand new tracks.
- Enhanced networking opportunities, including a host welcome celebration.
- More thought leadership on the future of the airport industry.
- Improved exhibition hall hours to better showcase industry solutions.

What's more, your conference registration allows you to attend any session open to registered conference attendees while with us in Long Beach! [Check out the latest conference agenda](#) to learn about our full range of educational sessions, workshops, committee meetings, exhibition hours, and networking events.

This track agenda compiles all the educational sessions and workshops related to [Airport Operations, Planning, and Infrastructure](#) into one place! Please note that on Sunday and Monday, there are other sessions focused on the cross-cutting issues of [Sustainability & Resiliency](#) and the [Future of Airports](#), among other themes, that will be taking place concurrently.

## OPERATIONS, PLANNING, SAFETY, INFRASTRUCTURE & DEVELOPMENT COMMITTEE (OPSID) TRACK

---

### Friday, September 29, 2023

---

3:00 PM – 5:00 PM Room 202C	<b>OPSID Steering Group Meeting</b> <i>Non-members of the Steering Group are welcome to attend as perimeter seating permits.</i>
--------------------------------	---

### Saturday, September 30, 2023

---

7:30 AM – 5:30 PM	<b>Check-in / Registration</b>
8:00 AM – 9:00 AM	<b>Networking Breakfast</b>
9:00 AM – 10:00 AM Room 104A	<b>Welcome and Airport Roundtable</b> Saturday's OPSID Committee Workshop will kick off with a welcome from Committee leadership followed by our popular airport roundtable discussion. Get the latest from airport members regarding their upcoming capital projects, planning & development efforts, safety initiatives, and facility management challenges. Airport attendees are asked to provide insight into your airport in a "2-minute drill" style session.
10:00 AM – 10:30 AM	<b>Networking Break</b>
10:30 AM – 12:00 PM Rooms 104A and 103C	<b>OPSID Working Group Breakout Sessions 1 &amp; 2</b> We'll hold two concurrent Working Group breakout sessions to review key working group initiatives, set work priorities for FY2024, and provide topic-focused forum for member discussion. Clicking on working group names will link to Working Group agendas. <ul style="list-style-type: none"><li>• <b>Breakout 1:</b> <a href="#">Joint Planning &amp; Development/NextGen Working Group</a> (Room 104A)</li><li>• <b>Breakout 2:</b> <a href="#">Facilities &amp; Maintenance Working Group</a> (Room 103C)</li></ul>
12:00 PM – 1:15 PM	<b>Networking Lunch</b>

1:15 PM – 2:45 PM  
Rooms 104A and 104C

### OPSID Working Group Breakout Sessions 3 & 4

The Operations & Safety Working Group will hold a breakout session to review key working group initiatives, set work priorities for FY2024, and provide topic-focused forum for member discussion. Clicking the working group names will link to the Working Group agenda.

The Construction & Project Delivery Working Group will meet jointly with the Finance Committee to address challenges associated with utilizing alternative delivery methods for airport capital development projects.

- **Breakout 3:** [Operations & Safety Working Group](#) (Room 104A)
- **Breakout 4:** Construction & Project Delivery Working Group—[Meeting jointly with ACI-NA Finance Committee](#) regarding project delivery methods (Room 104C)

2:45 PM – 3:15 PM

### Networking Break

3:15 PM – 4:15 PM  
Room 104A

### Airport & Aircraft Compatibility—A View from 2023

Get the latest from key aircraft manufacturers on airport & aircraft compatibility issues they see facing U.S. and Canadian airports in the coming decade. From new wing designs to entirely new energy sources, learn how you keep your airport ahead of what's coming to runways, taxiways, and parking aprons near you.

#### Moderator

##### **Michael Moran**

*General Manager, Aviation Planning, Noise & Environmental Services,  
Port Authority of New York & New Jersey*

#### Panelists

##### **Dan Cohen-Nir**

*National Sustainability & Environment Representative – Americas  
Airbus Americas, Inc.*

##### **Evanicio Costa**

*Principal Lead Engineer, Associate Technical Fellow,  
Airport Operations Engineering  
The Boeing Company*

##### **Christopher Park**

*Airport Compatibility Engineer  
Airport Operations Engineering  
The Boeing Company*

4:15 PM—4:45 PM  
Room 104A

### ACI-NA Regulatory and Legislative Updates

In this joint session with the Environmental Affairs Committee, the FAA and ACI-NA staff will provide updates on key legislative and regulatory initiatives and engage members in discussions of key airport priorities for 2024.

#### Moderator

**Roy Fuhrmann**

*Chief Operating Officer*

Minneapolis-St. Paul International Metropolitan Airports Commission

#### Panelists

**Greg Cota**

*Senior Vice President, Government Affairs*

ACI-NA

**Kent Duffy (subject to the status of Federal Government funding)**

*National Resource Expert for Airport/Airspace Capacity,*

*Airports Planning and Environmental Division*

FAA

**Chris Oswald**

*Senior Vice President, Safety & Regulatory Affairs*

ACI-NA

**Melinda Pagliarello**

*Managing Director, Environmental Affairs*

ACI-NA

5:15 PM—6:15 PM  
Sip Lounge/  
Renaissance Hotel

### Young Professionals No-Host Meetup

Young Professionals—those 40 and under—from OPSID and Environmental Affairs are invited to gather for an informal no-host meetup at the Sip Lounge at the Renaissance Hotel (115 E Ocean Blvd) before the Host Airport Welcome Event. Come meet your fellow OPSID/Environmental Affairs colleagues outside a windowless meeting room!

6:30 PM – 9:30 PM  
Terrace Plaza

### Host Airport Welcome Event

#### **Smarter Operations—Improving Airport Operational Efficiency & Safety with Advanced Technology**

An array of technologies is arriving at airports that promise to increase operational efficiency, enhance situational awareness, optimize resource allocation, and improve margins of safety. In this session, we'll survey several of these capabilities and discuss how they can be effectively utilized in the airport environment.

#### **Moderator**

**Eddie Clayson**

*Director of Airport Maintenance*

Salt Lake City Department of Airports

#### **Panelists**

**Juan Gomez**

*Chief Executive Officer*

Synaptic Aviation

**Joe Mahaz**

*Founder and Senior Advisor*

EDI, An Arora Company

**Ian Redhead**

*Deputy Director*

Kansas City Aviation Department

**Mike Youngs**

*Vice President Information Technology*

Dallas Fort Worth International Airport

Room 104B

### Educational Session

#### Airport Safety Management at a Crossroads

With the rollout of airport safety management system (SMS) requirements in the United States and ongoing efforts to in Canada to “modernize” its airport SMS programs, airport safety was a topic of intensive focus even before high profile safety incidents in the U.S. prompted the FAA’s March 2023 “Safety Summit”. In this session, we’ll explore the next steps U.S. and Canadian airport operators can take on their safety journey, with a focus on SMS, apron safety, safety data analysis, and effective safety promotion.

#### Moderator

##### Steve Hennigan

*Chief Operating Officer*

Southwest Florida International Airport/Lee County Port Authority

#### Panelists

##### Scott Ayers

*Airport Manager, Safety Management & SMS*  
Hartsfield-Jackson Atlanta International Airport

##### Kathleen Henderson

*Senior Director, Operations, Environment and Regulatory Affairs*  
Canadian Airports Council

##### Tara Perez

*General Manager, Corporate Safety*  
Delta Air Lines Inc.

##### Ron Reichel

*Airport Safety Management System Manager*  
Sacramento County Aviation Department

##### Susie Scott

*Director of Corporate Safety*  
Delta Air Lines Inc.

12:00 PM – 1:15 PM

### Networking Lunch

#### **Don't Fear the eVTOL: The Realities of Advanced Air Mobility and Airports**

Advanced Air Mobility (AAM) systems are undergoing rapid development and refinement, significant demonstration programs planned for the 2024 Paris Olympics, 2028 Los Angeles Olympics, and airline announcements of commercial service as early as 2025 in both Chicago and New York. What do these developments mean for airport operators and the communities they serve? How will they affect airport infrastructure in the near, mid-, and long-term future? Most importantly, what can your airport be doing to prepare? Come for a discussion of these and other key topics as we help you not to fear the eVTOL.

#### **Moderator**

**Thomas Jewsbury**

*Executive Director*

St. Pete-Clearwater International Airport

#### **Panelists**

#### **Planning for GPS/PNT Disruption**

Proposed Description: Positioning, Navigation, and Timing (PNT) is used in a wide array of airport operations and communications. The increasing use of Global Positioning Navigation (GPS) as the primary source of PNT information makes these stakeholders vulnerable to adversaries seeking to cause harm by disrupting or manipulating the GPS signal. This session will discuss GPS attributions, detection and roles and responsibilities during a GPS event.

#### **Moderator**
