

# An Evening at the National Portrait Gallery

Join us for a night of arts, networking and local culinary delights.

The National Portrait gallery holds the greatest collection of portraits in the world. With visual arts, performing arts, and new media, the Portrait Gallery introduces you to the people who have shaped the country - poets, presidents, actors, activists, visionaries, villains...and everyone in between. Its collection weaves together story and biography from precolonial times to the present to tell the American story.

Our guests will have exclusive private access to the First Floor Gallery, and America's Presidents, the nation's only complete collection of presidential portraits outside of the White House.

## The String Queens

The evening will feature a high energy performance from Washington DC based The String Queens. Praised for their authentic, soulful, and orchestral sound, The String Queens are a dynamic trio that create stimulating musical experiences that inspire diverse audiences to love, hope, feel, and imagine!
