Project Background

The current HVAC system at the JMAA terminal is reaching the end of its operational life, leading to frequent failures of several system components. One notable incident occurred during one of the hottest weeks of 2023, where a system failure left most of the terminal without air conditioning for an extended period. This resulted in significant discomfort for passengers, tenants, stakeholders, and visiting members of the public. Recognizing the critical role of a functional HVAC system in ensuring passenger comfort and positive customer relations with tenants, stakeholders, and the community, JMAA considers the replacement of the HVAC system essential to enhancing the overall passenger experience.

Scope of Work

The scope entails the central chiller and boiler plant upgrade at JMAA airport. The work includes the removal of existing chillers, pumps, cooling towers, heat exchangers, and hot water boilers from the chiller and boiler rooms, to be replaced with new units featuring redundancy and the latest controls, in compliance with the mechanical and other codes. Implementation of phasing will be incorporated for continuous chilled water and hot water supply during the renovation phase.

Additionally, under bid alternates, the replacement of the existing 17 AHUs located at different locations, along with their associated 3-way control valves, with 2-way valves, will be part of the scope. Phasing, including temporary equipment and swing space, will also be included in this scope.

Pre-Bid Conference

JMAA will hold a non-mandatory Pre-Bid Conference on **Wednesday, May 22, 2024, at 1:00 p.m. (CST)** in the Community Room, Third Floor of the Main Terminal Building at JAN.

The Pre-Bid Conference may also be attended virtually. A site visit tour will follow the Pre-Bid Conference.

Evaluation of Bid Proposal

Only those Bids timely received, in proper form and meeting all qualifications will be considered. Totals read at the opening of the bids are not guaranteed to be correct and no final award of the contract will be made until bids and extensions have been checked and rechecked.

Rejection of Proposal

1. Irregular Proposals. Bid Proposals shall be considered irregular for the following reasons:

1.1. If the proposal is on a form other than that furnished by JMAA, or if JMAA's form is altered, or if any part of the proposal form is detached.

1.2. If there are unauthorized additions, conditional or alternate pay items, or irregularities of any kind that make the proposal incomplete, indefinite, or otherwise ambiguous.

1.3. If the proposal does not contain a unit price for each pay item listed in the proposal, except in the case of authorized alternate pay items, for which the bidder is not required to furnish a unit price.

1.4. If the proposal contains unit prices that are obviously unbalanced.

1.5. If the proposal is not accompanied by the proposal guaranty specified by JMAA.

1.6. If the applicable Disadvantaged Business Enterprise information is incomplete. JMAA reserves the right to reject any irregular proposal and the right to waive technicalities if such waiver is in the best interest of the Owner and conforms to local laws and ordinances pertaining to the letting of construction contracts.

1.7. Additionally, any one or more of the following may be considered sufficient cause to reject a Bidder's Proposal. This list is not exhaustive, and JMAA reserves the right to reject any Proposal for any reason at its discretion:

1.7.1. Evidence of collusion among Bidders;

1.7.2. Non-responsibility, as determined by JMAA in its sole judgment and Discretion;

1.7.3. Default or arrearage on any contract or obligation with JMAA or other government entity;

1.7.4. Submission of a Proposal that is incomplete, conditional, ambiguous, or containing alterations or irregularities of any kind;

1.7.5. Evidence of improper lobbying efforts toward members of JMAA's Board or Its officers or employees;

1.7.6. If the bidder fails to acknowledge all addenda;

1.7.7. If all documents have not been signed in the designated area or as required by this RFB.

JMAA EXPRESSLY RESERVES THE RIGHT TO REJECT ALL BIDS IF THE RESPONSES TO THIS REQUEST FOR BIDS EXCEED JMAA'S ESTABLISHED BUDGET FOR THIS PROJECT.

Evaluation of Bid Proposal

Award of contract will be based on the lowest bid submitted from those bidders that are confirmed as being responsive and responsible. Only those Bids timely received, in proper form and meeting all qualifications will be considered. Upon receipt, each Proposal will be reviewed for conformance to the RFB instructions regarding organization, format, and required content. Proposals that are missing information such that a full evaluation cannot occur will be deemed nonresponsive and ineligible for further consideration.

Additional Terms and Conditions

1. Representations of Bidder. Each Bidder shall judge for itself all conditions and circumstances relative to its Bid. Each Bidder, by submitting a Bid, represents that:

- 1.1. it has read and understands the Bid Documents (including the Contract Documents)
- 1.2. it has visited JAN and is familiar with the conditions under which the Work will be performed,
- 1.3. it accepts the conditions under which the Work will be performed,
- 1.4. it agrees to provide such other information as may be required by JMAA to evaluate its Bid prior to award of any contract, and
- 1.5. it agrees to execute the Agreement.

Failure on the part of any Bidder to make such examination and on-site inspection shall not constitute a ground for declaration by the Bidder that it did not understand any condition with respect to its Bid, the Work or the Contract Documents.

2. Laws. By submission of a Bid, Bidder represents that it is knowledgeable of and has fully complied with all federal, state, and local laws, ordinances, rules, and regulations that in any manner affect the Work. Bidder further represents that, in the performance of the Work, it shall comply with all "Buy American" requirements of federal and state law, including, without limitation, the requirements of 49 U.S.C. §2226a. Ignorance of any applicable laws, etc., on the part of the Bidder, will in no way relieve the Bidder from its related responsibilities.

3. Resident Bidder Preference Law. In accordance with Section 31-3-21 of the Mississippi Code of 1972, as amended:

A nonresident Bidder domiciled in a state having laws granting preference to local contractors may only be awarded a public contract in the State of Mississippi on the same basis as that Bidder's state awards contracts to Mississippi contractors bidding under similar circumstances. Resident contractors actually domiciled in Mississippi have preference over nonresidents in the awarding of public contracts in the same manner and to the same extent as provided by the laws of the state of domicile of the nonresident.

Each nonresident Bidder must submit a copy of its resident state's current bid law pertaining to that state's treatment of nonresident bidders. Any Bid submitted by a nonresident Bidder that does not include the nonresident Bidder's current state law pertaining to the treatment of nonresident bidders shall be rejected and not considered for award.

As used in these Instructions to Bidders, the term "resident contractor" includes an individual that is a legal resident of the State of Mississippi, a corporation, limited liability company, partnership, or other entity organized under the laws of the State of Mississippi as well as a nonresident person, firm or corporation that has been qualified to do business in this state and has maintained a permanent full-time office in the State of Mississippi for two (2) years prior submission of the Bid, and the subsidiaries and affiliates of such a person, firm or corporation.

4. Disclosure of Response Contents. All materials submitted in response to this RFB will be the property of JMAA and may be held by JMAA or returned to each respective Bidder, at JMAA's sole discretion. In preparing its Bid, each Bidder should be aware that some or all of its Bid may be subject to public inspection and/or

reproduction under the Mississippi Public Records Law, § 25-61-1 et seq., Mississippi Code of 1972, as amended.

5. Additional Time. JMAA will consider requests for additional time based on inclement weather on a case-by-case basis. No Bidder should assume that JMAA will grant additional time for inclement weather. In no event will JMAA grant additional time for any weather or weather event that does not completely prevent the Contractor from performing any Work during a particular day.

Notice of Award

1. Term. The term for the Work will be Five Hundred (500) consecutive calendar days from the date of issuance of a Notice to Proceed by or on behalf of JMAA.

2. As determined by JMAA, the successful bidder will be given written notice that it has been awarded the Work. The notice shall specify which alternates, if any, are being accepted from the Bid Proposal. Accompanying the notice will be one or more originals of the Agreement. Within ten (10) Business Days of the date of receipt of the notice, the successful Bidder must execute and deliver the originals of the Agreement, as supplied with the notice of award, together with the appropriate Payment and Performance Bonds, certificates of insurance and other required documents to JMAA. JMAA reserves the right, in its sole discretion, to amend the form of the Agreement at any time prior to execution thereof without the necessity of re-advertising or re-letting Bids. No amendment, alteration or change, as the case may be, to the Agreement shall invalidate or affect anything in the Bid Documents that is not expressly altered or affected by such amendment, alteration or change.

3. Payment Bond. At the time of execution of the Agreement, the successful Bidder shall post a Payment Bond in the form of Attachment 15 in a penal sum equal to the full contract amount for the Work signed by the Surety's Resident Agent. JMAA, in its sole discretion, may waive the requirement of the Payment Bond if the contract amount is less than \$25,000.00 and payment is to be lump sum at the completion of the Work and acceptance by JMAA.

4. Performance Bond. At the time of execution of the Agreement, the successful Bidder shall post a Performance Bond in the form of Attachment 14 in a penal sum equal to the full contract amount for the Work signed by the Surety's Resident Agent. JMAA, in its sole discretion, may waive the requirement of the Performance Bond if the contract amount is less than \$25,000.00 and payment is to be lump sum at the completion of the Work and acceptance by JMAA.

5. Agreement. The selected Bidder will be required to enter into JMAA's Standard Form of Agreement for construction projects, which is made a part hereof fully and completely as if it were attached hereto. The Standard Form of Agreement can be found within the solicitation. The Agreement will contain, among other things, the promises and covenants to perform the Work in accordance with industry standards, provisions required by applicable law and such other terms and conditions, as JMAA deems appropriate. In no event will the Agreement contain any provision which limits the Consultant's liability to JMAA or (ii) indemnifies the Consultant for the acts of JMAA or others.

6. Liquidated Damages. The Contractor shall commence the Work on the date specified in a Notice to Proceed issued by or on behalf of JMAA and shall achieve substantial completion of the Work not more than the consecutive calendar days identified in Number 3.1 of this RFB, following the issuance of the Notice to Proceed, subject to adjustments in the Contract Time as provided in the Contract Documents. In the event Contractor fails to reach substantial completion of the Work within the time allowed, or any authorized extension of the time allowed, Contractor will be liable for agreed liquidated damages, and not as a penalty, in the amount of \$500.00 per calendar day that the Work remains incomplete.

BUY AMERICAN PREFERENCE

Certificate of Buy American Compliance for Manufactured Products

The Contractor agrees to comply with 49 USC § 50101, which provides that Federal funds may not be obligated unless all steel and manufactured goods used in AIP funded projects are produced in the United States, unless the Federal Aviation Administration has issued a waiver for the product; the product is listed as an Excepted Article, Material or Supply in Federal Acquisition Regulation subpart 25.108; or is included in the FAA Nationwide Buy American Waivers Issued list.

A bidder or offeror must complete and submit the Buy America certification included herein with their bid or offer. The Owner will reject as nonresponsive any bid or offer that does not include a completed Certificate of Buy American Compliance.

CERTIFICATE OF BUY AMERICAN COMPLIANCE FOR TOTAL FACILITY

As a matter of bid responsiveness, the bidder or offeror must complete, sign, date, and submit this certification statement with its proposal. The bidder or offeror must indicate how it intends to comply with 49 USC § 50101 by selecting one of the following certification statements. These statements are mutually exclusive. Bidder must select one or the other (i.e., not both) by inserting a checkmark (✓) or the letter "X".

- Bidder or offeror hereby certifies that it will comply with 49 USC § 50101 by:
- a) Only installing steel and manufactured products produced in the United States; or
 - b) Installing manufactured products for which the Federal Aviation Administration (FAA) has issued a waiver as indicated by inclusion on the current FAA Nationwide Buy American Waivers Issued listing; or
 - c) Installing products listed as an Excepted Article, Material or Supply in Federal Acquisition Regulation Subpart 25.108.

By selecting this certification statement, the bidder or offeror agrees:

- To provide to the Owner evidence that documents the source and origin of the steel and manufactured product.
 - To faithfully comply with providing U.S. domestic products.
 - To refrain from seeking a waiver request after establishment of the contract, unless extenuating circumstances emerge that the FAA determines justified.
- The bidder or offeror hereby certifies it cannot comply with the 100 percent Buy American Preferences of 49 USC § 50101(a) but may qualify for either a Type 3 or

Type 4 waiver under 49 USC § 50101(b). By selecting this certification statement, the apparent bidder or offeror with the apparent low bid agrees:

- a) To submit to the Owner within 15 calendar days of the bid opening, a formal waiver request and required documentation that supports the type of waiver being requested.
- b) That failure to submit the required documentation within the specified timeframe is cause for a non-responsive determination that may result in rejection of the proposal.
- c) To faithfully comply with providing U.S. domestic products at or above the approved U.S. domestic content percentage as approved by the FAA.
- d) To furnish U.S. domestic product for any waiver request that the FAA rejects.
- e) To refrain from seeking a waiver request after establishment of the contract, unless extenuating circumstances emerge that the FAA determines justified.

Required Documentation

Type 3 Waiver – The cost of components and subcomponents produced in the United States is more than 60 percent of the cost of all components and subcomponents of the “facility”. The required documentation for a Type 3 waiver is:

- a) Listing of all manufactured products that are not comprised of 100 percent U.S. domestic content (excludes products listed on the FAA Nationwide Buy American Waivers Issued listing and products excluded by Federal Acquisition Regulation Subpart 25.108; products of unknown origin must be considered as non-domestic products in their entirety).
- b) Cost of non-domestic components and subcomponents, excluding labor costs associated with final assembly and installation at project location.
- c) Percentage of non-domestic component and subcomponent cost as compared to total “facility” component and subcomponent costs, excluding labor costs associated with final assembly and installation at project location.

Type 4 Waiver – Total cost of project using U.S. domestic source product exceeds the total project cost using non-domestic product by 25 percent. The required documentation for a Type 4 of waiver is:

- a) Detailed cost information for total project using U.S. domestic product
- b) Detailed cost information for total project using non-domestic product

False Statements: Per 49 USC § 47126, this certification concerns a matter within the jurisdiction of the Federal Aviation Administration and the making of a false, fictitious or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code.

DISADVANTAGED BUSINESS ENTERPRISES SPECIAL CONTRACT PROVISIONS

A. DBE POLICY.

It is the policy of the U.S. Department of Transportation (USDOT) and the Jackson Municipal Airport Authority (JMAA) that Disadvantaged Business Enterprises (DBEs) (as such term is used in 49 CFR Part 26) shall have maximum meaningful opportunity to participate in the performance of contracts financed in whole or in part with federal funds. The USDOT (through the Airport Improvement Program administered by the Federal Aviation Administration (FAA)) has agreed to assist in financing the cost of the Work. Consequently, the requirements of 49 CFR Part 26 are hereby made a part of and incorporated into the contract documents.

B. NONDISCRIMINATION.

1. Each Bidder agrees to take all reasonable steps necessary to ensure that DBEs have maximum meaningful opportunity to compete for and participate in the performance of the Work. The Contractor shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts financed in whole or in part by JMAA and the U.S. Department of Transportation. The Contractor shall utilize the services of banks in the community, which are owned and controlled by socially and economically disadvantaged individuals when feasible and beneficial.
2. The contractor, sub-recipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to withholding monthly progress payments, assessing sanctions, liquidated damages; and/or disqualifying the Contractor from future bidding as non-responsible.

C. DBE GOALS AND GOOD FAITH EFFORTS.

JMAA has established a goal for DBE participation in the Work of **10.21%**. The goal is expressed as a percentage of the original contract amount and will apply throughout the term of the Agreement unless JMAA determines otherwise as provided below.

1. When award is made with DBE participation less than the contract goal, the Contractor shall continue to make good faith efforts throughout the performance of the Work to increase the DBE participation to meet the contract goal.

2. Whenever contract supplements, extra work orders, or change orders are made that individually, or in the aggregate, increase the total dollar value of the Contract, the Contractor shall make good faith efforts to maintain the level of DBE participation as established in the Contract Documents.

Each Bidder shall make good faith efforts (as such term is used in 49 CFR Part 26 and included as Appendix A) to ensure that DBE participation is equal to or exceeds JMAA's goal for such participation and shall take all necessary and reasonable steps to ensure that DBEs have the maximum meaningful opportunity to compete for and perform portions of the Work.

The DBE Program Office will review not only at the different kinds of efforts that the Bidder has made but also the quantity and intensity of those efforts. Efforts that are merely pro-forma are not good faith efforts to meet the goal even if they are sincerely motivated. The DBE Program Office will also consider if, given all relevant circumstances, the Bidder's efforts could reasonably be expected to produce a level of DBE participation sufficient to meet the goal.

Whether or not the established goal has been met and /or whether there were sufficient good faith efforts is considered a matter of the Bidder's responsiveness. The requirement to submit documentation that the goal has been met or good faith documentation in the manner prescribed by JMAA is considered a matter of the Bidder's responsiveness. JMAA will only award contracts to Bidders determined to be responsive and responsible. If a Bidder fails to submit good faith efforts documentation with the bid or proposal, it waives the right to appeal the good faith efforts decision. The DBE Director shall determine whether the Bidder made the Required good faith efforts to meet the DBE Contract goal and, if not, shall recommend that the Bidder(s) be deemed non-responsive.

If a Bidder desires a review of the DBE Director's decision it shall file a written request for final reconsideration within 5 business days after receipt of the decision to the Reconsideration Official:

Chief Executive Officer
P.O. Box 98109
Jackson, MS 39298

As part of the reconsideration the Bidder will have the opportunity to provide written documentation or argument concerning the issue of good faith. JMAA will only consider good faith efforts made by the Bidder(s) prior to the date bids were submitted for the Work.

D. FAILURE TO COMPLY WITH DBE REQUIREMENTS.

All Bidders and all potential subcontractors, suppliers and materialmen are hereby advised that failure to carry out the requirements set forth herein shall constitute a breach of contract and may result in rejection of the bid; termination of the contract; a deduction from the contract funds due or to become due the contractor; or other such remedy as JMAA deems appropriate.

Failure to comply with the DBE requirements shall include but not be limited to: failure to submit any required documents and certifications with the Bid Proposal; or failure to make good faith efforts to meet the established contract goal; failure of the Contractor to meet its commitment for DBE participation in the Work; or failure to maximize opportunities for DBEs.

E. ELIGIBILITY OF DBEs.

A current directory containing the names of firms that have been certified under the Mississippi Unified Certification Program (MUCP) as eligible to participate as DBEs on DOT-assisted contracts may be obtained from the JMAA DBE Program Office or from the Mississippi Department of Transportation (MDOT). The directory is also available on JMAA's website at <https://jmaa.dbesystem.com/?TN=jmaa> and on MDOT's website at http://mdot.ms.gov/bidsystem_data/bidderspdf/DBE%20Listing.pdf. **Firms not certified through the MUCP are not eligible to be counted towards the DBE contract goal for USDOT-assisted contracts.**

The directories are not an endorsement of the quality of performance of any contractor listed; it is only an acknowledgement of the listed firms' certification as DBEs.

Firms certified subsequent to the publication of updates to this directory may be counted toward a project's DBE goal, but only if their certification is active at the time of the Bid Opening. Contractors should contact **DBE Personnel** to verify the current status of a firm's certification.

F. COUNTING DBE PARTICIPATION TOWARD DBE GOALS.

1. When a DBE participates in a contract, you count only the value of the Work actually performed by the DBE toward DBE goals.
 - a. Count the entire amount of that portion of a construction contract (or other contract not covered by paragraph (a)(2) of this section) that is performed by the DBE's own forces. Include the cost of supplies and materials obtained by the DBE for the Work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate).
 - b. Count the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or

managerial services, or for providing bonds or insurance specifically required for the performance of a DOT-assisted contract, toward DBE goals, provided you determine the fee to be reasonable and not excessive as compared with fees customarily allowed for similar services.

- c. When a DBE subcontracts part of the Work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the DBE's subcontractor is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward DBE goals.
2. When a DBE performs as a participant in a joint venture, count a portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the Work of the contract that the DBE performs with its own forces toward DBE goals.
 3. Count expenditures to a DBE contractor toward DBE goals only if the DBE is performing a commercially useful function on that contract.
 - a. A DBE performs a commercially useful function when it is responsible for execution of the Work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the Work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, you must evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the Work it is actually performing, and the DBE credit claimed for its performance of the Work, and other relevant factors.
 - b. A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, you must examine similar transactions, particularly those in which DBEs do not participate.
 - c. If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the Work of a contract than would be expected on the basis of normal industry practice for the type of work involved, you must presume that it is not performing a commercially useful function.
 - d. When a DBE is presumed not to be performing a commercially useful function as provided in paragraph (c)(3) of this section, the DBE may present evidence to rebut this presumption. You may determine that the firm

is performing a commercially useful function given the type of work involved and normal industry practices.

- e. Your decisions on commercially useful function matters are subject to review by the concerned operating administration but are not administratively appealable to DOT.
4. Use the following factors in determining whether a DBE trucking company is performing a commercially useful function:
- a. The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract, and there cannot be a contrived arrangement for the purpose of meeting DBE goals.
 - b. The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the contract.
 - c. The DBE receives credit for the total value of the transportation services it provides on the contract using trucks it owns, insures, and operates using drivers it employs.
 - d. The DBE may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE. The DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the contract.
 - e. The DBE may also lease trucks from a non-DBE firm, including from an owner-operator. The DBE that leases trucks equipped with drivers from a non-DBE is entitled to credit for the total value of transportation services provided by non-DBE leased trucks equipped with drivers not to exceed the value of transportation services on the contract provided by DBE-owned trucks or leased trucks with DBE employee drivers. Additional participation by non-DBE owned trucks equipped with drivers receives credit only for the fee or commission it receives as a result of the lease arrangement. If a recipient chooses this approach, it must obtain written consent from the appropriate DOT operating administration.

Example to paragraph (d)(4): DBE Firm X uses two of its own trucks on a contract. It leases two trucks from DBE Firm Y and six trucks equipped with drivers from non-DBE Firm Z. DBE credit would be awarded for the total value of transportation services provided by Firm X and Firm Y, and may also be awarded for the total value of transportation services provided by four of the six trucks provided by Firm Z. In all, full credit would be allowed for the participation of eight trucks. DBE credit could be awarded only for the fees or commissions pertaining to the remaining trucks Firm X receives as a result of the lease with Firm Z.

- f. The DBE may lease trucks without drivers from a non-DBE truck leasing company. If the DBE leases trucks from a non-DBE truck leasing company and uses its own employees as drivers, it is entitled to credit for the total value of these hauling services.

Example to paragraph (f)(4): DBE Firm X uses two of its own trucks on a contract. It leases two additional trucks from non-DBE Firm Z. Firm X uses its own employees to drive the trucks leased from Firm Z. DBE credit would be awarded for the total value of the transportation services provided by all four trucks.

- g. For purposes of this paragraph (d), a lease must indicate that the DBE has exclusive use of and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, so long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.

- 5. Count expenditures with DBEs for materials or supplies toward DBE goals as provided in the following:

- a. If the materials or supplies are obtained from a DBE manufacturer, count 100 percent of the cost of the materials or supplies toward DBE goals.
- b. For purposes of this paragraph (a)(5), a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications.

- i. If the materials or supplies are purchased from a DBE regular dealer, count 60 percent of the cost of the materials or supplies toward DBE goals.
- ii. For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business.

- 1. To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and

under its own name, in the purchase and sale or lease of the products in question.

2. A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business as provided in this paragraph (b)(2)(ii) if the person both owns and operates distribution equipment for the products. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease agreement and not on an ad hoc or contract-by-contract basis.
- c. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers within the meaning of this paragraph (e)(2).
 - d. With respect to materials or supplies purchased from a DBE which is neither a manufacturer nor a regular dealer, count the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on a job site, toward DBE goals, provided you determine the fees to be reasonable and not excessive as compared with fees customarily allowed for similar services. Do not count any portion of the cost of the materials and supplies themselves toward DBE goals, however.
 - e. You must determine the amount of credit awarded to a firm for the provisions of materials and supplies (e.g., whether a firm is acting as a regular dealer or a transaction expeditor) on a contract-by-contract basis.
 - f. If a firm is not currently certified as a DBE in accordance with the standards of subpart D of this part at the time of the execution of the contract, do not count

the firm's participation toward any DBE goals, except as provided for in §26.87(i).

- g. Do not count the dollar value of work performed under a contract with a firm after it has ceased to be certified toward your overall goal.
- h. Do not count the participation of a DBE subcontractor toward a contractor's final compliance with its DBE obligations on a contract until the amount being counted has actually been paid to the DBE.

G. AWARD DOCUMENTATION AND PROCEDURE.

To demonstrate the Bidder's participation by DBEs, all Bidders must comply with the submission requirements outlined in paragraphs 6.6 through 6.18 of the Instructions to Bidders. Failure to do so may result in a Bid being determined to be non-responsive.

H. POST AWARD COMPLIANCE.

1. If the Agreement is awarded with less than full DBE goal participation, award will not relieve the Contractor of the continuing obligation to exercise good faith efforts to maximize participation of DBEs throughout the term of the contract. Prior to entering into any additional subcontracts for any portion of the Work, the Contractor must submit a request to subcontract to JMAA's Project Manager and JMAA's Director of Disadvantaged Business Enterprises documenting the Contractor's good faith efforts to utilize DBE subcontractors/suppliers prior to entering into a contract with a non-DBE.
2. When the Agreement is awarded on DBE participation in excess of the original stated goal, the Contractor will be required to achieve the DBE participation shown in its Bid Proposal, their DBE commitment, regardless of the goal established by JMAA.
3. The Contractor shall establish a program that will effectively promote increased participation by DBEs in the performance of contracts and subcontracts. The Contractor shall also designate and make known to JMAA's Project Manager and JMAA's Director of Disadvantaged Business Enterprises a liaison officer who will be responsible for the administration of the Contractor's DBE program.
4. The Contractor shall enter into subcontracts or other written agreements with all Subcontractors (DBEs and non-DBEs) identified in the Contractor's Bid Proposal for the kind and amount of Work specified.
5. The Contractor shall keep each DBE informed of the project progress schedule and allow each DBE adequate time to schedule work, stockpile materials, and otherwise prepare for the subcontract Work.
6. At any point during the performance of the Work that it appears the scheduled amount of DBE participation may not be achieved; the Contractor shall provide

evidence to JMAA's Director of Disadvantaged Business Enterprises demonstrating how the goal will be met.

7. If the Contractor fails to demonstrate to JMAA's satisfaction that it failed to achieve the scheduled DBE participation due to reasons such as quantitative under-runs or elimination of items contracted to DBEs and that good faith efforts have been used to obtain the scheduled contract participation, JMAA may withhold an amount equal to the difference between the DBE goal and the actual DBE participation achieved as damages.
8. When JMAA has reason to believe the Contractor or any subcontractor (including any DBE) may not be operating in compliance with these requirements through "fronting," brokering, not providing a commercially useful function or for other reasons, JMAA's Director of Disadvantaged Business Enterprises will conduct an investigation. The Contractor, each subcontractor or other involved party will be required to fully cooperate with the investigation. If JMAA determines that any person or entity is not complying, JMAA's Director of Disadvantaged Business Enterprises will notify such person or entity in writing as to the specific instances or matters found to be in noncompliance.
9. To ensure that the obligations under subcontracts awarded to subcontractors are met, JMAA will review the Contractor's efforts to promptly pay subcontractors for work performed in accordance with the executed subcontracts. The prime Contractor agrees to pay each subcontractor under this prime contract for satisfactory performance of its contract no later than five days from the receipt of each payment the prime contractor receives from JMAA. The prime Contractor agrees further to return retainage payments to each subcontractor within five days after the subcontractor's work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of JMAA. This clause applies to both DBE and non-DBE subcontractors.
10. The Contractor shall provide the DBE with a full accounting to include quantities paid and deductions made from the DBE's partial payment at the time payment is made. Failure to do so without cause may result in an equal amount being withheld from the Contractor on the next payment (progress or final).
11. JMAA reserves the right to withhold any payment from the Contractor if JMAA determines that a DBE is not performing a commercially useful function or that achievement of the goal is in question. Payment may be withheld in the amount of the DBE goal that is in question until either (i) the Contractor submits to JMAA's Director of Disadvantaged Business Enterprises a revised plan for achieving the Contractor's goal and the plan is approved by JMAA, or (ii) the DBE goal amount in question has been met.
12. JMAA's Director of Disadvantaged Business Enterprises will monitor the Contractor's DBE involvement during the Work, the level of effort by the Contractor in meeting or exceeding the DBE participation goal throughout the

performance of the Work. If, at the completion of the Work, the Contractor has failed to meet JMAA's DBE participation goal and has not demonstrated good faith efforts or obtained a reduction of the goal, JMAA may withhold an amount equal to the difference between the DBE goal and the actual DBE participation achieved as damages.

13. Prior to final payment by JMAA, the Contractor shall file with JMAA a detailed list showing each DBE used on the Work, the Work performed by each DBE and the amount paid to each DBE. The list shall show the actual dollar amount paid to each DBE for the creditable Work performed, less any rebates, kickbacks, deductions, withholdings, or other repayments made. The list shall be certified under penalty of perjury to be accurate and complete. JMAA will use this certification and other information available to determine if the Contractor has satisfied the DBE contract goal and the extent to which DBEs were fully paid for that Work. The Contractor acknowledges that the information is supplied to obtain payment from JMAA which includes federal assistance from the USDOT.
14. Failure on the part of the Contractor to achieve the DBE participation to which the Contractor committed in the Agreement may result in damages being imposed on the Contractor by JMAA for breach of contract and for non-compliance. If the contract was awarded with less than the original DBE contract goal proposed by JMAA, the revised and lower amount shall become the final DBE contract goal, and that goal shall be used to determine any damages to be assessed. Additionally, JMAA may impose any other administrative sanctions or remedies available at law or provided by the Agreement in the event of breach by the Contractor by failing to satisfy the Contractor's DBE commitment. However, no damages will be assessed, and no other administrative sanctions or remedies will be imposed when, for reasons beyond the control of the Contractor, and despite the good faith efforts made by the contractor, the final DBE contract goal was not achieved.

I. SUBSTITUTIONS OF DBE FIRMS AFTER AWARD.

1. A successful bidder must not terminate a DBE Subcontractor included as part of its Sub Contractor List submitted with the bid. This includes but is not limited to instances where a prime contractor seeks to self-perform the Work, have it performed by an affiliate or have it performed by another DBE. The Prime Contractor shall not terminate, substitute, add or replace any DBE subcontractor or change the amount of any work to be performed by any DBE subcontractor except in strict compliance with the requirements of the contract documents. In all instances, the Contractor must seek and secure the prior written consent of JMAA before terminating, substituting, adding, or replacing any subcontractor or changing their scope of work, including DBE subcontractors.
2. Contract activities shown to be performed by a DBE in the Bid Proposal shall be performed by the designated DBE or a substitute approved in advance and in writing by JMAA's Director of Disadvantaged Business Enterprises. Substitution

of DBEs will only be allowed for good cause. For purposes of this paragraph, good cause includes the following circumstances:

- a. The listed DBE Sub-Contractor fails or refuses to execute a written contract.
 - b. The listed DBE Sub-Contractor fails or refuses to perform the Work of its subcontract in a way consistent with normal industry standards. However, good cause does not exist if the failure or refusal of the DBE Sub-Contractor to perform its work on the subcontract results from the bad faith or discriminatory action of the prime contractor.
 - c. The listed DBE Sub-Contractor fails or refuses to meet the prime contractor's reasonable, nondiscriminatory bond requirements.
 - d. The listed DBE Sub-Contractor becomes bankrupt, insolvent, or exhibits credit unworthiness.
 - e. The listed DBE Sub-Contractor is ineligible to work on public projects because of suspension and debarment proceedings pursuant to 2 CFR Parts 180, 215 and 1200 or applicable state law.
 - f. It has been determined by JMAA, that the listed DBE subcontractor is not a responsible contractor.
 - g. The listed DBE subcontractor voluntarily withdraws from the project and provides written notice of its withdrawal.
 - h. The listed DBE is ineligible to receive DBE credit for the type of work required.
 - i. A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract; or
 - j. Other documented good cause that compels the termination of the DBE subcontractor
3. A provision stating the following will be included by JMAA in the contract to be executed by the prime:
 - a. That the contractor shall utilize the specific DBEs listed to perform the specified work and supply the specified materials unless the contractor obtains written consent from JMAA as provided in this section; and
 - b. That unless JMAA consent is provided as required by this section, the contractor shall not be entitled to any payment for the specified work or specified material unless it is performed or supplied by the listed DBE.
 4. Before submitting a request to terminate and/or substitute a DBE subcontractor, the prime contractor must give notice to the DBE subcontractor with a copy to JMAA's Director of Disadvantaged Business Enterprises. The notice must include the

reason for the request. The DBE must be given five days to respond to the prime contractor's notice. The response must include the reasons for any objections and why the request should not be approved. The five-day period may be shortened in cases of public necessity (e.g., safety).

5. In addition to post-award termination, the provisions of this section apply to pre-award deletions of or substitutions for DBE firms.
6. When a DBE subcontractor is terminated as provided in this section or fails to complete its work on the contract for any reason, the prime contractor must make a good faith effort to find another DBE subcontractor to substitute for the original DBE. The good faith effort must be directed at finding another DBE to perform at least the same amount of work. The good faith effort must be documented by the prime contractor.
7. In instances prior to execution of a contract between JMAA and prime contractor and/or prime contractor and DBE subcontractor, where a DBE that was listed in the bid is unwilling or unable to perform the items of work specified in the Bid Proposal, the Bidder must immediately notify JMAA. If any resulting change would create a shortfall of DBE participation from that previously committed and/or approved in the bid, the Bidder shall immediately take steps to obtain another certified DBE to perform an equal amount of allowable credit work or make documented good faith efforts to do so. The new DBE's name and designated work shall be submitted to JMAA's Director of Disadvantaged Business Enterprises for approval. The Bidder's request should consist of the Substitution Form (available from JMAA) and a revised Commitment and Confirmation Form (see Attachment 9). If the Bidder is unable to replace a DBE with another DBE for the applicable work, a good faith effort shall be made to subcontract other items to DBEs in order to sustain the previously committed and/or approved level of DBE participation. JMAA will determine if the Bidder made an acceptable good faith effort in awarding work to DBE firms. JMAA may allow an adjustment of the DBE participation as appropriate, depending on individual project circumstances.

J. RECORD KEEPING REQUIREMENTS.

The Contractor shall keep such records as are necessary for JMAA to determine compliance with the DBE contract obligations. These records shall include: the names of subcontractors, including DBEs; copies of all fully executed subcontracts; the type of work being performed; documentation such as canceled checks and paid invoices verifying payment for work, services, materials, supplies and equipment; and documentation of correspondence, oral contacts, telephone calls, and other efforts to obtain services of DBEs. When requested, the Contractor shall submit copies of all subcontracts and other documents and project related items to JMAA's Director of Disadvantaged Business Enterprises. JMAA reserves the right to investigate, monitor and/or review actions, statements, and documents submitted by any contractor, subcontractor, material men or suppliers.

K. REPORTING REQUIREMENTS.

The Contractor shall submit monthly reports on DBE participation to JMAA's Project Manager and JMAA's Director of Disadvantaged Business Enterprises. With each Application for Payment, the Contractor shall submit the Project/Contract Reporting Form (available from JMAA) to JMAA's Project Manager and JMAA's Director of Disadvantaged Business Enterprises to verify actual payments to DBEs since the last Application for Payment. These reports will be required until all subcontracting activity is complete, and the final payment has been made. Reports are required regardless of whether subcontractor activity has occurred since the last Application for Payment.

Upon completion of the Work, and as a condition to final payment, the Contractor shall submit the Project/Contract Reporting Form (marked "Final") to JMAA's Project Manager and JMAA's Director of Disadvantaged Business Enterprises detailing all subcontractor and vendor payments. When the actual amount paid to a subcontractor or vendor is less than the amount indicated in the Agreement, the Contractor must provide a complete explanation of the difference.

If the DBE goal set forth in the Contract Documents has not been met, the Contractor must submit documentation supporting good faith efforts to meet the goal during the performance of the Work. Failure to submit the required reports will result in the withholding of progress payments to the Contractor until the reports are submitted. All payments due subcontractors which affect DBE goal attainment, including retainage, shall be paid by the Contractor before JMAA releases the contract retainage. JMAA reserves the right to conduct an audit of DBE participation prior to processing the Contractor's final payment and at any time during the performance of the Work.

L. DBE PROGRAM-RELATED CERTIFICATIONS MADE BY BIDDERS AND CONTRACTORS.

If the Bidder makes a written, express disclaimer of one or more certifications or assurances in its Bid Proposal, the Bid Proposal will be considered non-responsive. By submitting a Bid on any project involving USDOT assistance, and by entering into any contract based on that bid, the Bidder/Contractor makes each of the following DBE Program-related certifications and assurances to USDOT and to JMAA:

1. Certification of Knowledge of and Compliance with All DBE Program Terms and Conditions. The Bidder certifies that management and bidding officers have reviewed and understand the bidding and project construction and administration obligations of the USDOT DBE Program regulations at Title 49 CFR Part 26 (as amended) and JMAA's DBE Program rules. The Bidder further certifies that the Bidder's management personnel understand and are familiar with the requirements of these federal and local DBE Program regulations; and if the Bidder was not familiar with or did not understand the requirements of these regulations, they have contacted JMAA DBE Program Office and have been informed as to their duties and obligations under the DBE Program regulations.

2. Certification Regarding Disadvantaged Business Enterprises. The Bidder certifies that the Bidder has complied with the federal and local DBE Program requirements in submitting its Bid Proposal and will comply fully with these requirements in performing any federal-aid contract awarded based on that submission.
3. Certification to Provide Opportunities for DBEs to Participate. The Bidder agrees to ensure that certified DBE firms have a full and fair opportunity to participate in the performance of the Work. The Bidder certifies that all necessary and reasonable steps were taken to ensure that DBE firms have an opportunity to compete for and participate in the Work. The Bidder further certifies that the Bidder has not and will not discriminate on the basis of race, color, age, national origin, or sex in the performance of the Work, or in the award of any subcontract.
4. DBE Contract Goal. The Bidder certifies, under penalty of perjury, that if awarded this federal-aid contract, the Bidder will make good faith efforts to utilize certified DBE firms to meet JMAA's DBE participation goals. The Bidder further certifies the Bidder's understanding that the Bidder may not unilaterally terminate, substitute for, or replace any DBE firm that was designated in its Bid Proposal or the Agreement, in whole or in any part, with another DBE, any non-DBE firm or with the Contractor's own forces or those of an affiliate of the contractor, without the prior written consent of JMAA as set out below.
5. Certification of Good Faith Efforts to Obtain DBE Participation. The Bidder certifies, under penalty of perjury, that a good faith effort was made to obtain DBE participation in this contract, at or above the DBE contract goal. The Bidder further certifies, under penalty of perjury, that if the Bidder is not able to meet JMAA's specified DBE contract goal, the Bidder has submitted with and as a part of its Bid, a true, accurate, complete and detailed written explanation of all its good faith efforts taken to meet the DBE contract goal.
6. Agreement and Authorization to Assess Damages. The Bidder understands and agrees that if awarded the contract to perform the Work, the Contractor is legally responsible to ensure that the Contractor and each DBE subcontractor and supplier, comply fully with all regulatory and contractual requirements of the USDOT DBE Program, and that each DBE firm participating in the Work fully performs the designated tasks, with the DBE's own forces and equipment, under the DBE's own direct supervision and management. The Bidder certifies, under penalty of perjury, that if it awarded the contract to perform the Work and if the USDOT or JMAA determines that the Contractor, a DBE or any other firm retained by the Contractor has failed to comply with the DBE Program requirements, USDOT or JMAA shall have the sole authority and discretion to determine the extent of the monetary value to which the DBE contract goals have not been met, and to assess against and withhold monetary damages from the Contractor in the full amount of that breach. JMAA may impose any other remedies available at law or provided in the Contract Documents in the event of a contract breach. The Bidder further understands and agrees that this clause authorizes JMAA to determine and fix the extent of the damages caused by a breach of any contractual or regulatory DBE Program

requirement and that the damage assessment will be enforced in addition to, and not in lieu of, any other general liquidated damages clause in the Agreement. By submitting a bid for this federal-aid contract, and by entering into the Agreement, the Contractor irrevocably agrees to such an assessment of liquidated damages for DBE Program purposes and authorizes JMAA to make such an assessment of liquidated damages against the Contractor, and to collect that assessment from any sums due the Contractor under the Agreement, or any other contract, or by other legal process.

The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: *Provided, however,* That in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request the United States to enter into such litigation to protect the interests of the United States.

13.5. Prohibition of Segregated Facilities.

- 13.5.1. The Contractor agrees that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their Work at any

location under its control where segregated facilities are maintained. The Contractor agrees that a breach of this clause is a violation of the Equal Opportunity clause in this contract.

13.5.2. “Segregated facilities,” as used in this clause, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees, that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, sex, or national origin because of written or oral policies or employee custom. The term does not include separate or single-user rest rooms or necessary dressing or sleeping areas provided to assure privacy between the sexes.

13.5.3. The Contractor shall include this clause in every subcontract and purchase order that is subject to the Equal Opportunity clause of this contract.

13.6. Disadvantaged Business Enterprises.

13.6.1. Contract Assurance. Contractor and each Sub-Contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Agreement. **Contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of USDOT assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Agreement, which may result in the termination of this Agreement or such other remedy, as the recipient deems appropriate.**

13.6.2. Prompt Payment. Contractor agrees to pay each Sub-Contractor under this Agreement for satisfactory performance of its subcontract no later than five (5) days from the receipt of each payment Contractor receives from JMAA. Contractor agrees further to return retainage payments to each Sub- Contractor, if any, within ten (10) days after the Sub-Contractor's work is satisfactorily completed. Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of JMAA. This clause applies to both DBE and non-DBE Sub-Contractors. Nothing in this provision shall authorize withholding of retainage from any Sub-Contractor if JMAA does not withhold retainage from Contractor.

VETERAN’S PREFERENCE

13.7. In the employment of labor (excluding executive, administrative, and supervisory positions), the contractor and all sub-tier contractors must give preference to covered veterans as defined within Title 49 United States Code Section 47112. Covered veterans include Vietnam-era veterans, Persian Gulf veterans, Afghanistan-Iraq war veterans, disabled veterans, and small business concerns (as defined by 15 U.S.C. 632)

owned and controlled by disabled veterans. This preference only applies when there are covered veterans readily available and qualified to perform the work to which the employment relates.

BUY AMERICAN PREFERENCE

- 13.8. The contractor agrees to comply with 49 USC § 50101, which provides that federal funds may not be obligated unless all steel and manufactured goods used in AIP funded projects are produced in the United States, unless the FAA has issued a waiver for the product; the product is listed as an Excepted Article, Material or Supply in federal Acquisition Regulation subpart 25.108; or is included in the FAA Nationwide Buy American Waivers Issued list.
- 13.9. The contractor was required in the Instructions for Bidders for this Work to submit the Buy America certification with their bid.

FAIR LABOR STANDARDS ACT

- 13.10. This Agreement and all subcontracts incorporate by reference the provisions of 29 CFR part 201, the Federal Fair Labor Standards Act (“FLSA”), with the same force and effect as if given in full text. The FLSA sets minimum wage, overtime pay, recordkeeping, and child labor standards for full and part time workers.
 - 13.10.1. The Contractor has full responsibility to monitor compliance to the referenced statute or regulation. The Contractor must address any claims or disputes that arise from this requirement directly with the U.S. Department of Labor – Wage and Hour Division.

14. OCCUPATIONAL SAFETY AND HEALTH ACT OF 1970

14.1. All contracts and subcontracts that result from this solicitation incorporate by reference the requirements of 29 CFR Part 1910 with the same force and effect as if given in full text. Contractor must provide a work environment that is free from recognized hazards that may cause death or serious physical harm to the employee. The Contractor retains full responsibility to monitor its compliance and their Sub-Contractor’s compliance with the applicable requirements of the Occupational Safety and Health Act of 1970 (20 CFR Part 1910). Contractor must address any claims or disputes that pertain to a referenced requirement directly with the U.S. Department of Labor – Occupational Safety and Health Administration.

15. FEDERALLY REQUIRED CERTIFICATIONS

- 15.1. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion. Contractor certifies, by acceptance of this Agreement, that neither it nor any of its principals is presently debarred, suspended, proposed for debarment, declared

ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency. Contractor further agrees by accepting this Agreement that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts, and subcontracts.

15.2. Trade Restriction Clause.

15.2.1. The Contractor certifies that with respect to this Agreement, the Contractor:

15.2.1.1. Is not owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms published by the Office of the United States Trade Representative (“U.S.T.R.”);

15.2.1.2. Has not knowingly entered into any contract or subcontract for this project with a person that is a citizen or national of a foreign country included on the list of countries that discriminate against U.S. firms as published by the U.S.T.R.; and;

15.2.1.3. Has not entered into any subcontract for any product to be used on a federal project that is produced in a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R.

15.2.2. This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 1001.

15.2.3. The Contractor must provide immediate written notice to JMAA if the Contractor learns that its certification or that of a Sub-Contractor was erroneous when submitted or has become erroneous by reason of changed circumstances. The Contractor must require Sub-Contractors provide immediate written notice to the Contractor if at any time it learns that its certification was erroneous by reason of changed circumstances.

15.2.3.1. Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no contract shall be awarded to a Contractor or Sub-Contractor:

15.2.3.1.1. Who is owned or controlled by one or more citizens or nationals of a foreign country included on the list of countries that discriminate against U.S. firms published by the U.S.T.R.; or

15.2.3.1.2. Whose subcontractors are owned or controlled by

one or more citizens or nationals of a foreign country on such U.S.T.R. list; or

15.2.3.1.3. Who incorporates in the public works project any product of a foreign country on such U.S.T.R. list.

15.2.4. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of Contractor or any Sub-Contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

15.2.5. The Contractor agrees that it will incorporate this provision for certification without modification in all lower tier subcontracts. The Contractor may rely on the certification of a prospective Sub-Contractor that it is not a firm from a foreign country included on the list of countries that discriminate against U.S. firms as published by U.S.T.R, unless the Contractor has knowledge that the certification is erroneous.

15.2.6. This certification is a material representation of fact upon which reliance was placed when making an award. If it is later determined that the Contractor or Sub-Contractor knowingly rendered an erroneous certification, the FAA may direct through JMAA cancellation of the contract or subcontract for default at no cost to JMAA or the FAA.

15.3. Contract Workhours and Safety Standards Act Requirements.

15.3.1. Overtime Requirements. No Contractor or Sub-Contractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic, including watchmen and guards, in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

15.3.2. Violation; Liability for Unpaid Wages; Liquidated Damages. In the event of any violation of the clause set forth in paragraph (1) of this clause, the Contractor and any Sub-Contractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and Sub-Contractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this

clause, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this clause.

- 15.3.3. Withholding for Unpaid Wages and Liquidated Damages. The FAA or JMAA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or Sub-Contractor under any such contract or any other federal contract with the same prime Contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or Sub-Contractor for unpaid wages and liquidated damages as provided herein.
- 15.3.4. Subcontractors. The Contractor or Sub-Contractor shall insert in any subcontracts the clauses set forth in Sections 15.3.1 through 15.3.3 and also a clause requiring the Sub-Contractor to include these clauses in any lower tier subcontracts. The prime Contractor shall be responsible for compliance by any Sub-Contractor or lower tier Sub-Contractor with the clauses set forth herein.
- 15.4. Copeland “Anti-Kickback” Act. The Contractor must comply with the requirements of the Copeland “Anti-Kickback” Act (18 U.S.C. 874 and 40 U.S.C. 3145), as supplemented by Department of Labor regulation 29 CFR part 3. Contractor and Sub-Contractors are prohibited from inducing, by any means, any person employed on the project to give up any part of the compensation to which the employee is entitled. The Contractor and each Sub-Contractor must submit to JMAA, a weekly statement on the wages paid to each employee performing on covered work during the prior week. JMAA must report any violations of the Act to the FAA.
- 15.5. Davis-Bacon Requirements.
 - 15.5.1. Minimum Wages.
 - 15.5.1.1. All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalent thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part

hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

15.5.1.2. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided*, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can easily be seen by the workers.

15.5.1.3. The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

15.5.1.3.1. The work to be performed by the classification requested is not performed by a classification in the wage determination; and

15.5.1.3.2. The classification is utilized in the area by the construction industry; and

15.5.1.3.3. The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

- 15.5.1.4. If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized Representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.
- 15.5.1.5. In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.
- 15.5.1.6. The wage rate (including fringe benefits where appropriate) determined pursuant to this Article, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.
- 15.5.1.7. Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
- 15.5.1.8. If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided*, that the Secretary of Labor has found, upon

the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account asset for the meeting of obligations under the plan or program.

15.5.2. Withholding. The FAA or JMAA shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this Agreement or any other federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any Sub contractor the full amount of wages required by the Agreement. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of work, all or part of the wages required by the Agreement, the FAA may, after written notice to the contractor, sponsor, applicant, or JMAA, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

15.5.3. Payrolls and basic records.

15.5.3.1. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual costs incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the

registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

15.5.3.2. The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Federal Aviation Administration if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant, sponsor, or owner, as the case may be, for transmission to the Federal Aviation Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (*e.g.*, the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division web site or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the Federal Aviation Administration if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit them to the applicant, sponsor, or owner, as the case may be, for transmission to the Federal Aviation Administration, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the sponsoring government agency (or the applicant, sponsor, or owner).

15.5.3.3. Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

15.5.3.3.1. That the payroll for the payroll period contains the information required to be provided under 29 CFR §

5.5(a)(3)(ii), the appropriate information is being maintained under 29 CFR § 5.5 (a)(3)(i) and that such information is correct and complete.

15.5.3.3.2. That each laborer and mechanic (including each helper, apprentice and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations 29 CFR Part 3;

15.5.3.3.3. That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

15.5.3.3.4. The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required hereunder.

15.5.3.3.5. The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

15.5.4. The contractor or subcontractor shall make the records required under paragraph (3)(i) of this section available for inspection, copying or transcription by authorized representatives of the sponsor, the Federal Aviation Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the federal agency may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

15.6. Apprentices and Trainees.

15.6.1. Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

15.6.2. Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the

U.S. Department of Labor, Employment and Training Administration. Theratio of trainees to journeymen on the job site shall not be greater than

permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate that is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

- 15.6.3. Equal Employment Opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.
- 15.7. Compliance with Copeland Act Requirements. The contractor shall comply with the requirements of 29 CFR Part 3, which are incorporated by reference in this Agreement.
- 15.8. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR Part 5.5(a)(1) through (10) and such other clauses as the Federal Aviation Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR Part 5.5.
- 15.9. Contract Termination. Debarment. A breach of this Article may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.
- 15.10. Compliance With Davis-Bacon and Related Act Requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.

15.11. Disputes Concerning Labor Standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general dispute's clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6 and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

15.12. Certification of Eligibility.

15.12.1. By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

15.12.2. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

15.12.3. The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

15.13. Drug-Free Workplace Requirement.

15.13.1. In accordance with the Drug-Free Workplace Act of 1988, 41 USC 702-706, the Contractor must provide a drug-free workplace for its employees by:

15.13.1.1. publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the person's workplace and specifying the actions that will be taken against employees for violations of such prohibition;

15.13.1.2. establishing a drug-free awareness program to inform employees about:

15.13.1.2.1. the dangers of drug abuse in the workplace;

15.13.1.2.2. the Contractor's policy of maintaining a

drug-free workplace;

15.13.1.2.3. any available drug counseling, rehabilitation, and employee assistance programs; and

- 15.13.1.2.4. the penalties that may be imposed upon employees for drug abuse violations.
- 15.13.1.3. making it a requirement that each employee to be engaged in the performance of such contract be given a copy of the statement required hereunder:
- 15.13.1.4. notifying the employee in the statement required hereunder, that as a condition of employment on such contract, the employee will:
 - 15.13.1.4.1. abide by the terms of the statement; and
 - 15.13.1.4.2. notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than 5 days after such conviction;
- 15.13.1.5. notifying the contracting agency within 10 days after receiving notice under subparagraph (15.13.1.4.2) from an employee or otherwise receiving actual notice of such conviction;
- 15.13.1.6. imposing a sanction on, or requiring the satisfactory participation in a drug abuse assistance or rehabilitation program by, any employee who is so convicted, as required by section 703 of this title; and
- 15.13.1.7. making a good faith effort to continue to maintain a drug-free workplace through implementation of subparagraphs (15.13.1.1), (15.13.1.2), (15.13.1.3), (15.13.1.4), (15.13.1.5), and (15.13.1.6).

16. ENVIRONMENTAL COMPLIANCE

16.1. Clean Air and Water Pollution Control. The Contractor agrees to comply with all applicable standards, orders, and regulations issued pursuant to the Clean Air Act (42 U.S.C. § 740-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251-1387). The Contractor agrees to report any violation to JMAA immediately upon discovery. JMAA assumes responsibility for notifying the Environmental Protection Agency (EPA) and the FAA. Contractor must include this requirement in all subcontracts that exceed \$150,000.00.

16.2. Procurement of Recovered Materials.

16.2.1. Contractor and subcontractor agree to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and

Recovery Act, and the regulatory provisions of 40 CFR Part 247. In the performance of this contract and to the extent practicable, the Contractor and subcontractors are to use of products containing the highest percentage of recovered materials for items designated by the Environmental Protection Agency (EPA) under 40 CFR Part 247 whenever:

- 16.2.1.1. The contract requires procurement of \$10,000.00 or more of a designated item during the fiscal year; or

17. TERMINATION OF CONTRACT

- 17.1. Termination for Convenience.
 - 17.1.1. JMAA may terminate this contract in whole or in part at any time by providing written notice to the Contractor. Such action may be without cause and without prejudice to any other right or remedy of JMAA. Upon receipt of a written notice of termination, except as explicitly directed by JMAA, the Contractor shall immediately proceed with the following obligations regardless of any delay in determining or adjusting amounts due under this clause:
 - 17.1.1.1. Contractor must immediately discontinue work as specified in the written notice.
 - 17.1.1.2. Terminate all subcontracts to the extent they relate to the work

terminated under the notice.

17.1.1.3. Discontinue orders for materials and services except as directed by the written notice.

17.1.1.4. Deliver to JMAA all fabricated and partially fabricated parts, completed and partially completed work, supplies, equipment and materials acquired prior to termination of the work and as directed in the written notice.

17.1.1.5. Complete performance of the work not terminated by the notice.

17.1.1.6. Take action as directed by JMAA to protect and preserve property and work related to this contract that Owner will take possession.

17.1.2. Owner agrees to pay Contractor for:

17.1.2.1. Completed and acceptable work executed in accordance with the contract documents prior to the effective date of termination;

17.1.2.2. Documented expenses sustained prior to the effective date of termination in performing work and furnishing labor, materials, or equipment as required by the contract documents in connection with uncompleted work;

17.1.2.3. Reasonable and substantiated claims, costs and damages incurred in settlement of terminated contracts with Subcontractors and Suppliers; and

17.1.2.4. Reasonable and substantiated expenses to the contractor directly attributable to JMAA's termination action.

17.1.3. JMAA will not pay Contractor for loss of anticipated profits or revenue or other economic loss arising out of or resulting from the JMAA's termination action.

17.1.4. The rights and remedies this clause provides are in addition to any other rights and remedies provided by law or under this contract.

17.2. Termination for Default.

17.2.1. The Contractor shall be considered in default of his/her contract and such default will be considered as cause for the Owner to terminate the contract for any of the following reasons if the Contractor:

17.2.1.1. Fails to begin the work under the contract within the time

specified in the "Notice to Proceed," or

- 17.2.1.2. Fails to perform the work or fails to provide sufficient workers, equipment or materials to assure completion of work in accordance with the terms of the contract, or

 - 17.2.1.6. Becomes insolvent or is declared bankrupt, or commits any act of bankruptcy or insolvency, or
 - 17.2.1.7. Allows any final judgment to stand against him unsatisfied for a period of 10 days, or
 - 17.2.1.8. Makes an assignment for the benefit of creditors, or
 - 17.2.1.9. For any other cause whatsoever, fails to carry on the work in an acceptable manner.
- 17.2.2. Should the Engineer consider the Contractor in default of the contract for any reason hereinbefore, he shall immediately give written notice to the Contractor and the Contractor's surety as to the reasons for considering the Contractor in default and JMAA's intentions to terminate the contract.
- 17.2.3. If the Contractor or surety, within a period of 10 days after such notice, does not proceed in accordance therewith, then JMAA will, upon written notification from the Engineer of the facts of such delay, neglect, or default and the Contractor's failure to comply with such notice, have full power and authority without violating the contract, to take the prosecution of the work out of the hands of the Contractor. JMAA may appropriate or use any or all materials and equipment that have been mobilized for use in the work and are acceptable and may enter into an agreement for the completion of said contract according to the terms and provisions thereof, or use such other methods as in the opinion of the Engineer will be required for the completion of said contract in an acceptable manner.
- 17.2.4. All costs and charges incurred by JMAA, together with the cost of completing the work under contract, will be deducted from any monies due or which may become due the Contractor. If such expense exceeds the sum

which would have been payable under the contract, then the Contractor and the surety shall be liable and shall pay to JMAA the amount of such excess.

18. INDEMNITY

18.1. To the fullest extent allowed by law, Contractor shall defend, indemnify, save harmless, protect, and exonerate JMAA, its board of commissioners (individually and as a group), officers, employees, agents, and representatives from all liabilities, claims, losses, suits, actions, demands, arbitrations, administrative proceedings, awards, judgments, expenses, attorneys' fees, and costs related to or for economic loss or damage, labor disputes, nonperformance of obligations, personal injury, bodily injury, illness, death, or property damages arising from or in connection with the Work undertaken or to be performed by or on behalf of Contractor under this Agreement or arising from or in connection with any act or omission relating to Contractor.

19. INSURANCE

19.1. Contractor shall maintain, at its own expense, the following insurance coverages in the amounts specified, insuring Contractor, its employees, agents, designees, subcontractors, and any indemnities as required herein:

- 19.1.1. Commercial general liability insurance of not less than \$1,000,000 each occurrence for bodily injury and property damage and \$2,000,000 aggregate limit for bodily injury and property damage, including coverage for blanket contractual liability, broad form property damage, personal injury and bodily injury (including illness, disease and death), and products/completed operations.
 - 19.1.2. Comprehensive business automobile liability insurance, including hired and non-owned vehicles, with a combined single limit of not less than \$1,000,000, covering bodily injury and property damage.
 - 19.1.3. Statutory worker's compensation coverage with employer liability limits of \$1,000,000 each accident, \$1,000,000 disease policy limit and \$1,000,000.00 disease each employee.
 - 19.1.4. Property insurance on all equipment used in connection with the Project in an amount not less than full insurable value.
 - 19.1.5. Umbrella liability insurance with a limit of not less than \$5,000,000 providing additional coverage to the policies required by Sections 19.1.1, 19.1.2 and 19.1.3.
 - 19.1.6. Such other insurance as may reasonably be required by JMAA.
- 19.2. All insurance policies required herein shall be issued by an insurance company or

companies licensed to do business in the State of Mississippi and acceptable to JMAA, shall contain a waiver of subrogation in favor of JMAA, and shall be written on an occurrence basis or Contractor shall provide coverage to JMAA for a period not less than three (3) years after final completion of the Work. Contractor shall name JMAA as an additional insured on all insurance policies and coverages.

- 19.3. All policies required under the Contract Documents shall include the following endorsement and/or rider duly issued by the insurer that effectively amends the terms of the policy and binds the insurer to the following provision:

It is hereby agreed and understood that Jackson Municipal Airport Authority is named as an additional insured, and that the coverage afforded to Jackson Municipal Airport Authority under this policy shall be primary insurance. If Jackson Municipal Airport Authority has other insurance that is applicable to the loss, such other insurance shall be on an excess or contingent basis. The amount of the Insurer's liability under this policy shall not be reduced by the existence of such other insurance.

- 19.4. No policy of insurance may be canceled, modified or reduced during the course of this Agreement, and Contractor shall obtain an endorsement and/or rider duly issued by the insurer that effectively amends the terms of the policy and binds the insurer to a provision substantially as follows:

Insurer will provide the Jackson Municipal Airport Authority not less than thirty (30) days prior written notice of its intent to cancel, modify, amend or reduce coverage.

- 19.5. Contractor shall be responsible for all deductibles and for any inadequacy or absence of coverage, and Contractor shall have no claim or other recourse against JMAA for any costs or loss attributable to such deductibles or to coverage limitations, exclusions, or unavailability, all of which shall be borne solely by Contractor.
- 19.6. At the time of execution of this Agreement, Contractor shall deliver to JMAA a Certificate or Certificates of Insurance, certifying the types and the amounts of coverage, certifying that the insurance is in force before Contractor starts work, certifying that the insurance applies to the Work and to all activities and liability of Contractor pursuant to this Agreement, and certifying that JMAA is named as an additional insured on Contractor's policies of insurance by duly issued endorsement and/or rider as required herein.
- 19.7. The insurance and indemnity obligations of this Agreement are non-delegable.
- 19.8. Contractor's failure to maintain complete insurance shall be a material breach of this Agreement authorizing JMAA, at JMAA's sole election, either to terminate this Agreement or to provide full insurance coverage at Contractor's sole expense; however, in neither case shall Contractor's liability be lessened.

- 19.9. In the event Contractor fails to obtain and maintain any of the insurance coverages required by this Agreement, JMAA shall be entitled, at its sole discretion and without waiving any rights under the Contract Documents, to purchase the insurance and deduct the premium costs from any amounts owed Contractor. However, JMAA shall have no obligation whatsoever to purchase the insurance and failure to do so shall not constitute a waiver of Contractor's obligations with respect to insurance as set forth in this Agreement.
- 19.10. Contractor shall be responsible for payment of all premiums for insurance required by this Agreement, but Contractor's obligations shall not be limited to the purchase of insurance. Contractor shall indemnify and hold harmless JMAA for all damages for which insurance should have been provided pursuant to this Agreement, irrespective of whether the insurance was actually obtained. Contractor's indemnity obligations under this Agreement shall not be restricted to amounts available under insurance, whether actually obtained or which should have been obtained, but shall extend to the fullest extent allowed by law.

20. SAFETY AND SECURITY

- 20.1. - 20.2. Contractor shall observe all requirements of any Security Regulations relating to the Airport including, without limitation, JMAA's Security Plan for the Airport, and any regulations of the TSA relating to security at the Airport, and shall take such steps and actions as may be necessary or directed by JMAA to ensure that all officers, employees, engineers, invitees and guests of Contractor observe such requirements.
- 20.3. If JMAA incurs any fines or penalties or any cost or expense under any safety or security program or plan pertaining to JMAA or the Airport as a result of any act or omission of Contractor, Contractor shall pay or reimburse to JMAA, as the case may be, all such fines, penalties, costs, and expenses. Contractor shall further rectify any such safety or security deficiency as may be determined by JMAA. JMAA reserves the right to take whatever action may be necessary to rectify any security deficiency caused by the actions or inactions of Contractor, which Contractor fails to timely remedy. In the event JMAA undertakes any such action, Contractor shall immediately pay and reimburse JMAA all monies expended, and costs incurred by JMAA in connection therewith.
- 20.4. Texting When Driving. In accordance with Executive Order 13513, "Federal Leadership on Reducing Text Messaging While Driving" (10/1/2009) and DOT Order 3902.10 "Text Messaging While Driving" (12/30/2009), the FAA encourages recipients of federal grant funds to adopt and enforce safety policies that decrease

crashes by distracted drivers, including policies to ban text messaging while driving when performing work related to a grant or sub-grant.

- 20.4.1. The Contractor must include the substance of this clause in all sub-tier contracts exceeding \$3,500.00 and involve driving a motor vehicle in performance of work activities associated with the project.

21.1. The Contractor certifies to the best of his or her knowledge and belief, that:

21.1.1. No federally-appropriated funds have been paid or will be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000.00 and not more than \$100,000.00 for each such failure.

22. BREACH OF CONTRACT TERMS

- 22.1. Any violation or breach of terms of this contract on the part of the Contractor or its subcontractors may result in the suspension or termination of this Agreement or such other action that may be necessary to enforce the rights of the parties of this agreement.
- 22.2. JMAA will provide Contractor written notice that describes the nature of the breach and corrective actions the Contractor must undertake in order to avoid termination of the contract. JMAA reserves the right to withhold payments to Contractor until such time the Contractor corrects the breach or JMAA elects to terminate the contract. JMAA's notice will identify a specific date by which the Contractor must correct the breach. JMAA may proceed with termination of the contract if Contractor fails to correct the breach by deadline indicated in the JMAA's notice.
- 22.3. The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder are in addition to, and not a limitation of, any duties, obligations, rights and remedies otherwise imposed or available by law.

23. DISPUTE RESOLUTION

- 23.1. If JMAA and Contractor litigate any claim under this Agreement, the non-prevailing party in such proceedings shall pay the prevailing party's reasonable attorneys' fees and expenses.
- 23.2. No claim, dispute, or other matter in controversy or question shall interfere with the performance of the Work required by this Agreement, and Contractor shall proceed diligently with performance of this Agreement, notwithstanding the existence of any claim, dispute, or other matter in controversy or question.
- 23.3. Should JMAA through litigation or other means seek enforcement of any of the provisions hereof or seek to protect its interests in any matter arising under this Agreement, or seek to collect damages for the breach of this Agreement, or seek to prosecute or defend any suit resulting from this Agreement, or seek to prosecute or defend any suit resulting from this Agreement, Contractor shall pay JMAA all costs, expenses, and attorneys' fees incurred in the investigation, preparation, and trial or hearing of such matters and otherwise reasonably related thereto.

No waiver by JMAA of any default by Contractor hereunder shall operate as a waiver of any other default or the same default on a future occasion.
- 25.14. Contractor hereby waives any claim against JMAA for loss of anticipated profits caused by or resulting from any suit or proceeding directly or indirectly attacking the validity of this Agreement or any part hereof, or by any judgment or award in any suit or proceeding declaring this Agreement null, void, voidable, or delaying the same or any part hereof from being carried out.
