2.2 Background

Department of Aviation Overview

The City administers the day-to-day operations of the Airport through Aviation, under the direction of its CEO. The CEO, CAO, or their designee will manage the work performed by the Applicant. Aviation oversees and operates both PHL and PNE which combined employ nearly one thousand (1,000) City employees.

Project Background

Project Specific Background

Background information surrounding specific projects is provided in Section II, Scope of Work. It is anticipated that some of the projects assigned will be time-sensitive, and the successful Applicant may be asked to manage multiple projects at the same time. As a result, it is requested that the Applicant remain in frequent contact with either the CEO, CAO, or their designee(s).

Description of Philadelphia Airport System

PHL is classified by the Federal Aviation Administration ("FAA") as a large air traffic hub (enplaning 1.0% or more of the total passengers enplaned in the U.S.). According to data reported for calendar year 2021 by Airports Council International – North America, PHL was ranked the twenty-first busiest airport in the United States, serving 19.6 million passengers; twenty-eighth busiest in the nation for aircraft operations; and fourteenth busiest in the nation for cargo tonnage.

The Airport serves residents and visitors from a broad geographic area that includes eleven counties within four states: Pennsylvania, New Jersey, Delaware, and Maryland. The Airport System consists of the following:

a. Philadelphia International Airport Background

PHL has approximately 2,598 acres located partly in the southwestern section of the City and partly in the eastern section of Delaware County, about 7.2 miles from Center City Philadelphia. The Airport's runway system consists of parallel Runways 9L-27R and 9R-27L, crosswind Runway 17-35, commuter Runway 8-26, and interconnecting taxiways. PHL's terminal facilities consist of seven terminal units totaling approximately 3.3 million square feet and include ticketing areas, passenger and baggage screening areas, passenger hold rooms and other amenities, baggage claim areas, a variety of food, retail and service establishments, and other support areas.

Outside of the PHL terminal area, PHL also has the following: six active cargo facilities; various support buildings; training areas; an air traffic control tower; a fixed-base operator; corporate hangars; a fueling supply facility; two American Airlines aircraft maintenance hangars; a first-class office complex; a 14-story hotel; seven rental car facilities; a cell-phone lot; employee parking lots; and five public parking garages.

b. Northeast Philadelphia Airport Background

PNE is located on approximately 1,118 acres situated within the City limits, ten miles northeast of Center City Philadelphia. PNE serves as a reliever airport for PHL and provides for general aviation, air taxi, corporate, and occasional military use. The airport has no scheduled commercial service. There are presently 85 T-hangars, ten corporate hangars and six open hangars for general aviation activities.

Diversity, Equity and Inclusion Mission

The Department of Aviation believes that significant value can be derived from increasing the diversity of an airport's staff and workforce. A wider representation of viewpoints, backgrounds, experiences, and skill sets enhances the work environment. Aviation is committed to diversity, equity and inclusion. As such, it desires for its Applicants to prioritize diversity, equity and inclusion within their organization. Accordingly, we ask that upon entering a contract with the Department of Aviation, your company agrees to operate inclusively and to its best effort build a diverse team of qualified professionals that reflects the makeup of the community at large.

Problem Statement

The Department of Aviation requires assistance with aviation and/or transportation-focused lobbying services to advance their priorities at the federal level with the U.S. Congress, the Executive Office of the President, and departments and agencies of the federal government, in addition to fostering positive working relationships with members of the Congress and their staff.

Title VI Solicitation Notice

The Airport, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations issued thereunder (49 CFR Part 21), hereby notifies all Applicants that it will affirmatively ensure that for any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full and fair opportunity to submit proposals in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.

Except in the case of [Joint Ventures](#), which follow special rules described below, **every entity must**

apply for itself. If the prospective applicant is not already registered with [eContract Philly](#), you must first register for an account before you can apply to this opportunity. Note that each legal entity must have a separate account; you may not utilize or repurpose another entity's account for this application. To identify each legal entity, the eContract Philly application system uses an entity's Taxpayer Identification Number, either a Social Security Number (SSN) or Employer Identification Number (EIN). Make sure the Tax Identification Number associated with your profile matches the Tax Identification Number of the company that is applying. Applications from an affiliated entity or made on another entity's behalf will cause the City to reject the proposal.

See the [Joint Venture](#) rules if you are applying on behalf of a Joint Venture.

4.3 Proposal Binding

Your proposal is a binding offer to contract for what you propose. Each Applicant agrees that it will be bound by the terms of its proposal for a minimum of 180 calendar days from the application deadline for this RFP and will enter a contract containing the same terms. If the City accepts your proposal as submitted, the City need not negotiate additional or different terms. Applicants must state clearly and conspicuously any modifications, waivers, objections, or exceptions they seek in a separate section of the proposal entitled “[Requested Exceptions to Contract Terms](#).”

The City reserves the right, in its sole discretion, to negotiate terms and conditions different from and/or additional to the Contract Terms without notice to other Applicants.

5. HOW WE CHOOSE

The City will consider many factors, including cost, when evaluating proposals submitted to this RFP. While cost is an important factor, it is not the sole, or necessarily the deciding factor. The City may choose to award the contract resulting from this RFP to an Applicant whose proposal is the most advantageous to the City and in the City's best interest even if the Applicant is not offering the lowest price.

The City will base its selection on criteria that may include, but are not limited to:

1. Superior ability or capacity to meet particular requirements of contract and needs of City Department and those it serves
2. Eligibility under Code provisions relating to campaign contributions
3. Superior prior experience of Applicant and staff
4. Superior quality, efficiency and fitness of proposed solution for City Department
5. Superior skill and reputation, including timeliness and demonstrable results
6. Special benefit to continuing services of incumbent, such as operational difficulties with transition or needs of population being served
7. Benefit of promoting long-term competitive development and allocation of experience to new or small businesses, including those owned by minority or disabled persons or by women
8. Lower cost
9. Administrative and operational efficiency, requiring less City oversight and administration
10. Anticipated long-term cost effectiveness
11. Meets prequalification requirements
12. Applicant's certification of its Local Business Entity/Local Impact status.

If a contract is awarded from this RFP, a notice will be published on the City's [eContract Philly](#) website identifying the name of the selected Applicant and the basis for award to that Applicant, as well as the names of all other Applicants to this RFP. To access this notice, select the button that says "Notice of Intent to Contract" and search for your opportunity number.

6.2 Special Rules Applicable to Joint Ventures

Generally, applications submitted through eContract Philly from Applicants that purport to be filing an application on behalf of another individual or business entity will not be considered, even if the other business entity is an affiliate of the Applicant. In the case of multiple business entities that, if awarded a contract, have formed, or intend to form a joint venture to perform the contract, a single business entity *may* file an application on behalf of all such business entities, so long as: (i) the filing business entity is or will be a member of the joint venture, (ii) the application is made in the name of the existing or proposed joint venture, (iii) documentation is submitted with the application identifying all business entities that will comprise the joint venture, and demonstrating a binding agreement among those business entities to perform the contract as the joint venture identified in the application (for a joint venture that has not yet been formed, documentation signed by each identified business entity evidencing a commitment to form the joint venture if awarded the contract is sufficient), and (iv) the non-filing business entities are eligible for award of a City contract and make the [disclosures](#) required by [Chapter 17-1400](#) of the Philadelphia Code (described in greater detail below) within fourteen (14) days after the joint venture receives notice that it has been awarded the contract.

6.3 Mandatory Political Contribution Disclosures and Penalties

Pursuant to [Chapter 17-1400](#) of the Philadelphia Code, Applicants are required to disclose the following as part of their required online application:

- their direct and indirect campaign contributions to:
 - political candidates and incumbents who are nominated for, running for, or serving in, a local Philadelphia elected office; and

- any consultants used in responding to the RFP and political contributions those consultants have made as described above; and
- whether the Applicant or any representative of the Applicant has received from any City employee a request for money or other items of value, or advice as to specific entities that can satisfy minority, woman, or disabled-owned business participation goals.

Applicants who make material misstatements or omissions in required disclosures may be prohibited from entering into contracts resulting from this or any other RFP of the City for one to three years and subjected to fines of up to three-times (3x) the amount that a contribution exceeded the [political contribution limits](#), up to \$2,000 for each contribution, pursuant to [Section 20-1302](#) of the Philadelphia Code

For more information, please consult the text of [Chapter 17-1400](#), the “[Disclosure/Eligibility](#)” tab on [eContract Philly](#), e-mail econtractphilly@phila.gov, or call 215-686-4914.

6.4 Political Contribution Limits for City Contractors

The current contribution limits are adjusted every four years (starting in 2008) and are posted on the [eContract Philly](#) home page. The limits are established by law, apply continuously throughout the life of an awarded contract and for as long as the official benefiting is in office. Applicants are advised that individuals and businesses that make campaign contributions in excess of the amounts set forth in [Section 17-1404\(1\)](#) of the Philadelphia Code are ineligible to enter into a City contract or subcontract at any tier in excess of \$10,000 for individuals or \$25,000 for businesses. Contributions are attributed according to [Section 17-1405](#) of the Philadelphia Code and Applicants should take this into consideration in electing to apply for this opportunity and in selecting subcontractors, if any.

Applicants certify that their subcontractors are eligible to work on City contracts and will be responsible for any consequence if that later proves untrue. To assist Applicants, the City has provided disclosure forms under the “[Disclosure/Eligibility](#)” “[Subcontractor Disclosure](#)” tab on [eContract Philly](#) for subcontractors to complete and provide to the Applicant at their option. These forms do not need to be submitted to the City.

6.5 City Employee Conflict Provision

City of Philadelphia employees and officials are prohibited from submitting a proposal in response to this RFP. No proposal will be considered in which a City employee or official has a direct or indirect interest.

6.6 Reservation of Rights

By submitting a response to this contract opportunity, the Applicant accepts and agrees to the [City's Standard Reservation of Rights](#), linked and incorporated in this document by reference, and to the terms of this contract opportunity, including all information contained in this RFP and information

The Applicant shall exercise all reasonable precautions to prevent any information derived from such sources from being disclosed to any other person. The Applicant agrees to indemnify and hold harmless the City, its officials and employees, from and against all liability, demands, claims, suits, losses, damages, causes of action, fines and judgments (including attorney's fees) resulting from any use or disclosure of such confidential and/or proprietary information by the successful Applicant or any person acquiring such information, directly or indirectly, from the successful Applicant.
